# Telephone Registration Work Sheet Winter Semester

Use *only* a Touch-tone telephone to make entries. Touch-tone phones make a tone sound after each button is pushed. Phones that make no tone will not work. If you do not have access to a Touch-tone telephone, you may mail this form to the Registration Office, B-130 ASB, Brigham Young University, Provo, Utah 84602.

If all lines are busy, the phone will continue to ring until a line is available.

A voice response will guide you after each entry. Press entire sequence when told to do so: code, numbers, star \* key, and pound # key.

Make a longer add list because some classes might be full.

## 1. Declare Your Intent to Register

After the Intent to Register Form and a \$50 tuition prepayment is received in the Cashiers' Office, the Touch-tone telephone registration system will be made available to you. (See page 3 in this Class Schedule.)

## 2. Call the System Number

# Academic Advisement

## Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major.  
If you have no major in mind, visit the Open-Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call (area code 801) the advisement center of your choice:

# Registration Instructions

## Are You Eligible to Register?

You are eligible to register for winter semester 1992 if you registered for and completed regular day school classes during fall semester 1991, or if you have been issued a valid letter of admission for winter semester 1992 by the Admissions Office. If you do not meet one of these criteria, registration will not be permitted.

## Continuing Ecclesiastical Endorsement

All students must have a new continuing ecclesiastical endorsement each year by the April 1 deadline. LDS students must receive this endorsement from the bishop of the ward where they reside during winter semester. Non-LDS students may obtain an endorsement through an ecclesiastical officer of their choice or through the Student Life Office. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester without this new endorsement.

All students are expected to abide by all requirements of the BYU Code of Honor, which includes the residential living standards and the dress and grooming standards of the university. LDS students are expected to do their duty in the Church, attend their meetings, and abide by the rules and standards of the Church.

## Health Insurance Requirement Fall Semester

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first day of classes each semester or term will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan.

# Step 1: Declare Your Intent to Register

Receive from the Registration Office an Intent to Register Form. Currently enrolled students will be mailed an Intent to Register Form in October. This form will be mailed to newly admitted students beginning in October and on a continuing basis as they are admitted. If you have not received this form by November 1, contact the Registration Office.

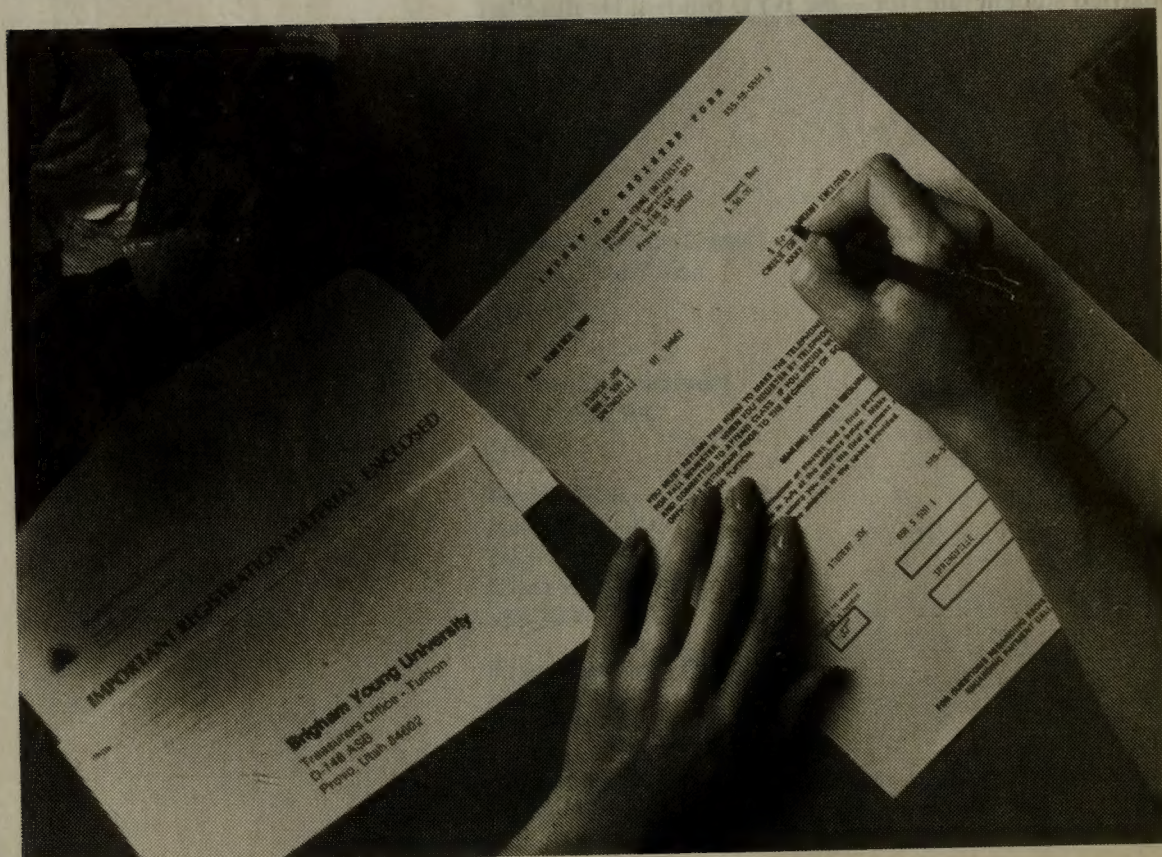

Complete the Intent to Register Form by updating your current mailing address.

Declare your intent to register by returning the form with a \$50 tuition prepayment to the BYU Cashiers' Office, D-148 ASB, Provo, Utah 84602. On receipt of the nonrefundable, nontransferable tuition prepayment, the Touch-tone telephone registration system will be opened for your use. No \$50 prepayment is required of scholarship and Pell recipients; however, scholarship recipients *must* return the Intent to Register Form (see Tuition Payment Calendar on page 8).

## Address Correction Required

Because it is important that your correct mailing address be on file at the Registration Office, you are expected to submit a mailing address along with your \$50 prepayment. Addresses may be corrected by contacting the Registration Office, B-130 ASB, Provo, Utah, 84602, telephone (801) 378-2824.

**Declare your  
intent to  
register by  
returning the  
form with a  
\$50 tuition  
prepayment.**

# Step 2: Plan Your Schedule

We suggest that you use the following form to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days.** Consult the listing of classes beginning on page 48. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

# Step 3: Complete Registration Work Sheet

The Telephone Registration Work Sheet is found inside the front cover of this schedule.

This sample shows you how to take the information from the Class Schedule and list it on the work sheet. Prioritize your desired classes. The computer will not schedule you in more than one section of the same class (except R courses).

If you do not have access to a Touch-tone telephone, you may complete the work sheet inside the cover and mail it to the Registration Office, B-130 ASB, Provo, Utah 84602.

# Step 4: Register by Touch-tone Telephone

## Register October 1–December 16

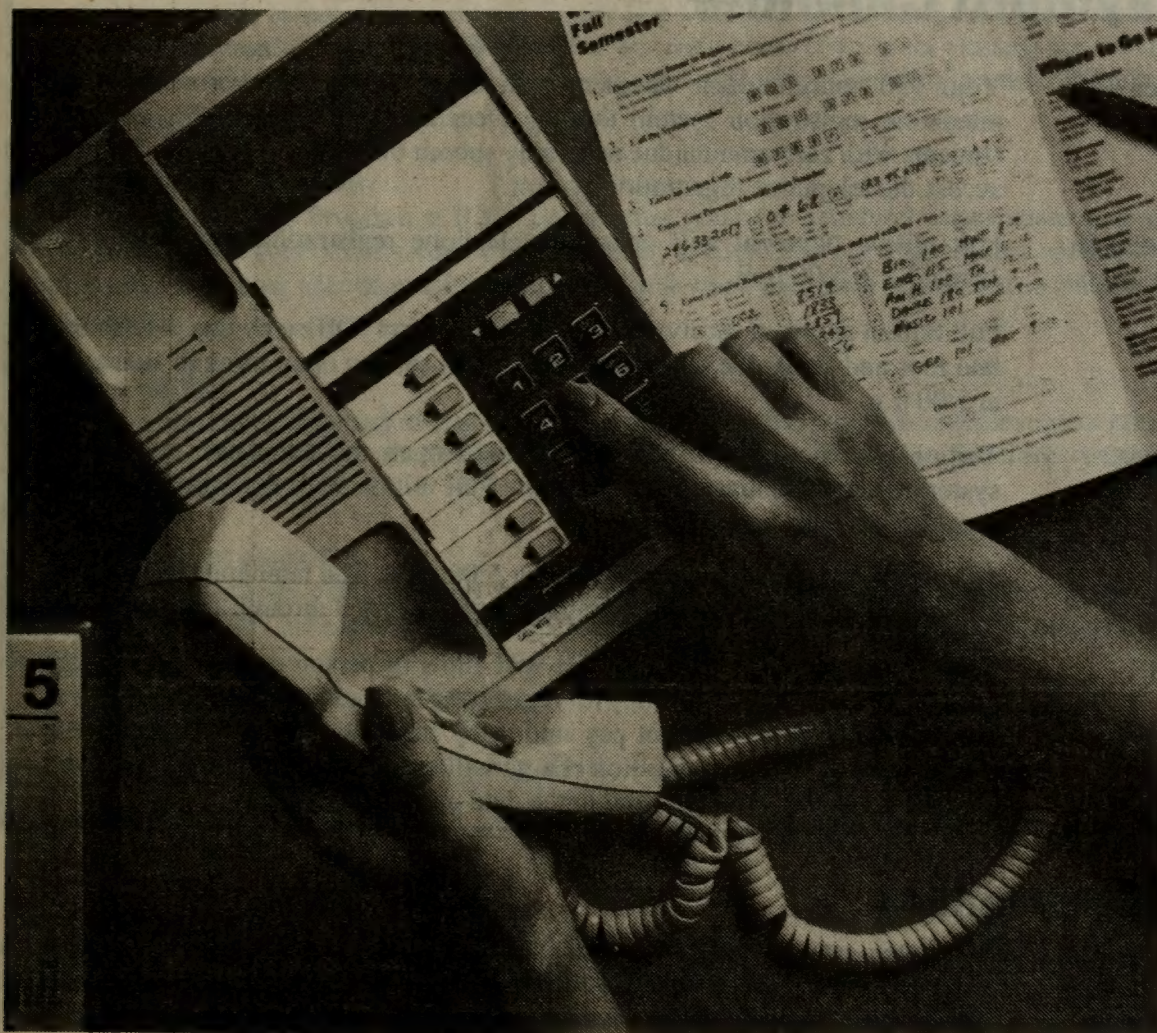

Register by telephone after you declare your intent by returning the Intent to Register Form with a \$50 tuition prepayment (nonrefundable and nontransferable). As you request classes by telephone, the computer voice will tell you if you receive a class; or if a class is full, it will inform you if another section is available.

## Tuition Deadline (without late fee) December 16

A Tuition Billing Statement will be sent to all registrants. In the event that a Tuition Billing Statement is not received by mail, **full tuition remains the student's responsibility and is due by the payment deadline.** If the billing statement and final tuition payment are not returned by December 16, you will be assessed a \$50 late tuition fee.

## Late Registration December 17–January 17

After December 16, a **\$50 late fee and full tuition must be paid before the telephone system will be made available for late registration.** You may late register by telephone until 5:00 p.m. January 2. Beginning the first day of classes, January 6, you should go to the Registration Office to late register in person. A \$90 late tuition fee will be charged beginning January 6.

**Complete the registration work sheet and register by Touch-tone telephone.**

# Step 5: Pay Tuition

## \$50 Prepayment Required Before Registration October 1–November 30, 1991

A minimum of \$50 is required as a tuition prepayment. The prepayment is applied toward total tuition, and the \$50 is nonrefundable. Registration by telephone is allowed after you declare your intent to register by returning the Intent to Register Form. Follow the instructions on the Intent to Register Form carefully. Those who do not prepay \$50 before December 2, 1991, must pay full tuition to access telephone registration.

## Payment Deadline December 16, 1991 (without late fee)

The Tuition Billing Statement and a confirmation of classes will be mailed by December 2, 1991. If you register after November 30 and/or have not received this notice by December 10, contact the Registration Office immediately. Full tuition must be received in the BYU Cashiers' Office by 4:00 p.m. December 16.

**Important notice:** If you fail to meet the tuition deadline, you will be assessed a late fee (\$50 December 17–January 3; \$90 January 6–January 17). You will be assessed a late tuition fee if you pay less than full-time tuition by December 16 and are then enrolled or later become enrolled for more than 8 credit hours. If you are registered for classes but have not paid tuition by the first day of school, you will incur the \$90 late payment fee. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed. In the event you do not receive a tuition billing statement by mail, payment remains your responsibility and is due by the deadline.

## Payment Procedure

The Tuition Billing Statement and a check or money order to cover the amount of tuition due should be mailed to the BYU Cashiers' Office, D-148 ASB, Provo, Utah 84602. A drop box is provided in the Abraham O. Smoot Administration Building (D-148 ASB) for students on campus who wish to save postage. (Do not use campus mail.)

**Note:** All scholarship and grant recipients must return the Tuition Billing Statement *even* if no tuition payment is due.

## Tuition Payment Calendar

### Dates

### Activities

October 1–November 30

Your \$50 nonrefundable payment with Intent to Register Form opens the telephone registration system through December 16. (Scholarship or grant students with zero amount due need only submit the Intent to Register Form to access the telephone registration system.)

December 2–December 16

Full tuition payment will open the telephone registration system through January 2 at 5:00 p.m.

December 16

Full tuition payment received in the BYU Cashiers' Office by this date avoids late fees and keeps the telephone registration system open through January 2 at 5:00 p.m.

December 17–January 3

Tuition payment with a \$50 late fee will open the telephone registration system through January 2 at 5:00 p.m. Full tuition with the late fee will be accepted through January 3.

January 2

Advance telephone registration ends at 5:00 p.m. The telephone registration system will be closed for winter registration January 3 through January 5.

January 6–January 17

Tuition payment with a \$90 late fee will allow in-person registration through January 17, which is the last day for registering late, adding classes, and paying tuition. Students who do not pay tuition by January 17 may be requested to discontinue. A 20 percent tuition charge will remain on the student's account. Tuition charges will be incurred to the date of discontinuance.

## Pell Grant Requirement

Tuition assessed on the Tuition Billing Statement is based on full-time enrollment of 8.5 credit hours or more for a semester and 4.5 credit hours or more for a term. The Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours or more for a semester and 6 credit hours or more for a term. Pell recipients who enroll for less than this receive a partial Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline to avoid the late tuition fee.

# Help for New Students

## Organize Your Registration Materials

You will need the following items to register:

### **BYU General Catalogue or BYU Graduate Studies Catalogue**

The BYU General Catalogue includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Studies Catalogue describes graduate courses and programs. Both are available at the BYU Bookstore or may be ordered by sending \$5.00, plus \$1.50 postage and handling, for each catalogue, to BYU Mail Services, 296 UPB.

### **Telephone Registration Work Sheet**

This work sheet is found inside the front cover of this Class Schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

### **List of Required Classes**

To obtain a list of classes needed to meet university and major requirements, please refer to the BYU General Catalogue, contact your advisement center, or refer to the General Education section of this Class Schedule.

The following section, Questions New Students Must Be Able to Answer, should help new students.

## Questions New Students Must Be Able to Answer

### **What is a credit hour?**

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

### **What is General Education?**

The General Education Program at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

### **What is a major?**

A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called open-major advisement.

### **How do I request classes?**

Students request classes using a Touch-tone telephone. You should complete the Telephone Registration Work Sheet (see inside cover) and have alternate sections available so that you can submit additional requests by phone if the class is full.

### **Which classes should I select?**

A guide for selecting classes is found on page 10.

# Selecting Classes—Freshman Year

Use the schedule work sheet on page 5 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl. 115). You may be able to take it the next semester.

1. Select one or two university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE—S 129	Fitness for Living	.5
HLth 129	Health and Lifestyle Management	1
Physical education elective	Varies	.5

2. Select an appropriate English and math\* class based on your preparation:

Course	Title	Credit Hours
Engl 115	Freshman English	3
Engl 115H	Honors English	3
HonP 200**	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 98	Beginning Algebra (ACT math score below 13; this is a no-credit, extra-fee class)	0
Math 99	Review Basic Math (ACT math score 13–19; this is a no-credit, extra-fee class)	0
Math 100	Intermediate Algebra (ACT math score 20–24)	2
Math 110	College Algebra (ACT math score 25 or above plus two years of high school algebra)	3
Math 112	Calculus I (ACT math score 27 or above plus four years of high school mathematics including precalculus)	4
Math 119	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

\*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education math option.

\*\*Consider registering for this course if you successfully completed the AP English exam.

3. Start work in a foreign language (see page 27).

If you want to pursue the Foreign Language Option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

4. Select one or two courses from the following general education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, or the College of Education.

**5. Select an interest course.**

Select an area that you are interested in learning about. Use the BYU General Catalogue and the Class Schedule to identify and select an appropriate course. If you have chosen a major, select a course from those listed by major in section 6.

**6. Select a major/emphasis course.**

Students who have not selected a major should select an additional GE course.

# Adding and Dropping Classes (Adjusting your current schedule)

## Adding and Dropping by Telephone: October 1–January 2

Students may add and drop classes before the first day of class by using a Touch-tone telephone. Students who declare their intent to register and pay their tuition by December 16, 1991, may continue to adjust their schedules through Thursday, January 2, 1992, at 5:00 p.m. **The telephone registration system will be closed for winter registration January 3 through January 5.**

## Adding and Dropping Classes: January 6–January 17

**After school has started, no drops will be processed by the telephone system except section changes, and each academic department determines how classes are added.**

The procedure for using add/drop cards follows (not to be used to discontinue):

1. Obtain an add/drop card from the Registration Office or a college advisement center.
2. To add a class, obtain a signature of approval from the instructor or department, as indicated in this Class Schedule. Some classes are added only by telephone during the first five days of class.
3. To drop a class, complete the card, indicating the class to be dropped (no signature required).
4. After the second day of school, pay a fee for each class dropped. The amount of the fee per class increases each day. The charges per day per class are printed on the add/drop card.
5. Take the add/drop card to the Smith Family Living Center step-down lounge during the first two weeks of school. Beginning the third week of classes, add/drop cards should be taken to the Registration Office, B-130 ASB. Turn the card in before the appropriate deadline listed below.

During fall or winter semester, students may add classes during the first ten class days and drop classes during the first twenty-five class days. During spring or summer term, classes may be added during the first six class days and dropped during the first thirteen class days.

## Discontinuance (Dropping *all* classes for the semester)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school for this semester, you must drop *all* your classes. Prior to the tuition deadline, classes may be dropped through the Touch-tone telephone registration system. After the tuition deadline, you should contact the Discontinuance Office in B-150 ASB or phone (801) 378-7705. If you do not drop your classes, they will remain on your record and **you will be charged tuition**. Tuition will be billed starting the first day of class to the date of discontinuance at the percentage rate listed on page 17.

### Registration Deadlines

M	Jan 6	Classes begin. You may add, drop, or late register for classes.
W	Jan 8	First day fees are charged for dropping a class or adjusting your current class schedule. (The increasing charges per day are printed on the add/drop card.)
F	Jan 17	Last day to add classes, late register, or change classes to audit.
F	Jan 17	Last day to drop classes without W, official withdrawal, appearing on the transcript.
Th	Jan 23	Last day to drop first block classes for academic reasons.
M	Feb 10	Last day to drop classes for academic reasons.
M	Feb 10	Last day to officially discontinue from the university or drop first block classes for nonacademic emergencies.
Th	Feb 27	Second block classes begin.
M	Mar 2	First day drop fees are charged for second block classes. (The increasing charges per day are printed on the add/drop card.)
Th	Mar 5	Last day to add second block classes.
Th	Mar 5	Last day to drop a second block class without W, official withdrawal, appearing on the transcript.
M	Mar 16	Last day to drop a second block class for academic reasons.
W	Apr 1	Last day to officially discontinue from the university or drop a class for nonacademic emergencies.

# Additional Registration Information

## Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing of classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

## Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last five days of the add period, September 10, 11, 12, 13, 16. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

## Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit the fifth through the tenth day of the semester or the fourth through the sixth day of the term.

## Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the third and eighth weeks, include the names of all students currently registered for that class.

## Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 hours or less during a term are considered part-time. Students enrolled in 4 or less credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours.

## Evening Classes

Daytime students taking Evening Classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

For more information, please contact Evening Classes, 120 HCEB, Provo, Utah 84602, telephone (801) 378-2872.

## Independent Study Programs

Independent Study is the university's "portable" program. You may register for courses anytime during the year and take up to a year to finish each course. Tuition is \$63 per semester hour and is not included in your regular BYU daytime tuition. For a complete listing of current course offerings, see page 134. Independent Study courses are also listed within each department, beginning on page 48. For further information and a free catalogue of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868.

# Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Please see page 8 for tuition payment deadlines.

**Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).**

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to come must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Support Office (801) 378-7705. (Before the first tuition deadline, the Touch-tone telephone registration system may be used to discontinue.) Tuition will be charged to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

**The charge for noncredit courses or for auditing courses is the same as for credit courses.** Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Pell and Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

**Advanced-standing students** are those students who have received their bachelor's degree (or will have received it by the beginning of the semester for which they are registering) and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester and 4.5 or more credit hours per term.

**The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.**

## Tuition and General Fees Per Semester

Undergraduate Students	LDS	Non-LDS
Full-time (8.5 or more credit hours) . . . . .	\$ 1,000	\$ 1,500
Part-time (per credit hour) . .	\$ 102	\$ 153
<b>Advanced-Standing Students</b>		
Full-time (8.5 or more credit hours) . . . . .	\$ 1,170	\$ 1,755
Part-time (per credit hour) . .	\$ 130	\$ 195
<b>Graduate School of Management Students</b>		
Full-time (8.5 or more credit hours) . . . . .	\$ 1,890	\$ 2,835
Part-time (per credit hour) . .	\$ 210	\$ 315
<b>Law School Students</b>		
Full-time (8.5 or more credit hours) . . . . .	\$ 1,890	\$ 2,835
Part-time (per credit hour) . .	\$ 210	\$ 315

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

## \$50 Tuition Prepayment (nonrefundable/nontransferable)

A prepayment is required of all students to access the telephone registration system before December 1. (See page 7 for registration and payment instructions.)

<b>Late Tuition Fee—Tuition Paid After December 16 Before Classes Begin</b>	
December 17–January 3 . . . . .	\$50

<b>After Classes Begin</b>	
January 6–January 17 . . . . .	\$90

Late tuition fees will be assessed all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time

tuition by the December 16 deadline and are then or later become registered for more than 8 credit hours.

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

**Tuition Adjustments—Status Change**

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151, ASB. **The activity card must be surrendered at that time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last scheduled day for adding classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

**Tuition Refunds/Charges—Discontinuance**

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Support Office, B-150 ASB. The following rates apply:

**Full-time Students**

	<i>Tuition Charged</i>	<i>Refund of Tuition Paid</i>
Before Jan 4.....	\$50 .....	100% less \$50
Jan 6–Jan 12 .....	10%.....	90%
Jan 13–Jan 17 .....	20%.....	80%
Jan 20–Jan 24 .....	40%.....	60%
Jan 27–Jan 31 .....	60%.....	40%
Feb 3–Feb 7 .....	80%.....	20%
After Feb 7 .....	100%.....	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of their personal medical incapacitation after the 80 percent refund period. Petition forms are in D-208 ASB.

**Part-Time Students**

Inasmuch as all tuition assessments have a minimum nonrefundable amount of \$50, part-time tuition refunds will be the above percentage of tuition except there will be a minimum \$50 nonrefundable.

**A refund due because of discontinuance** from school will be made only by check through the mail. It will be mailed approximately two weeks from the date on which

**discontinuance** is filed and the activity card voided by the Discontinuance Support Office. Refunds due to students who have a Pell Grant or Stafford Loan will be returned to Pell and/or the lending agency.

Refunds will not be granted to students who are requested to discontinue from the university for violation of standards.

Late fees are not refundable.

**Refunds for Class Fees**

Class fee refunds are based on the same schedule as listed for tuition refunds. Those with an asterisk (\*) are exceptions to this schedule and must be applied for at the respective academic department.

## Health Insurance Requirement

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;

- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first day of classes each semester or term will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student

Health Plan. Insurance payment is due by the first day of classes.

#### **Debt Collection Fees**

Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. The student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript and before being considered for readmission.

## **University Assemblies**

### **University Forums and Devotionals**

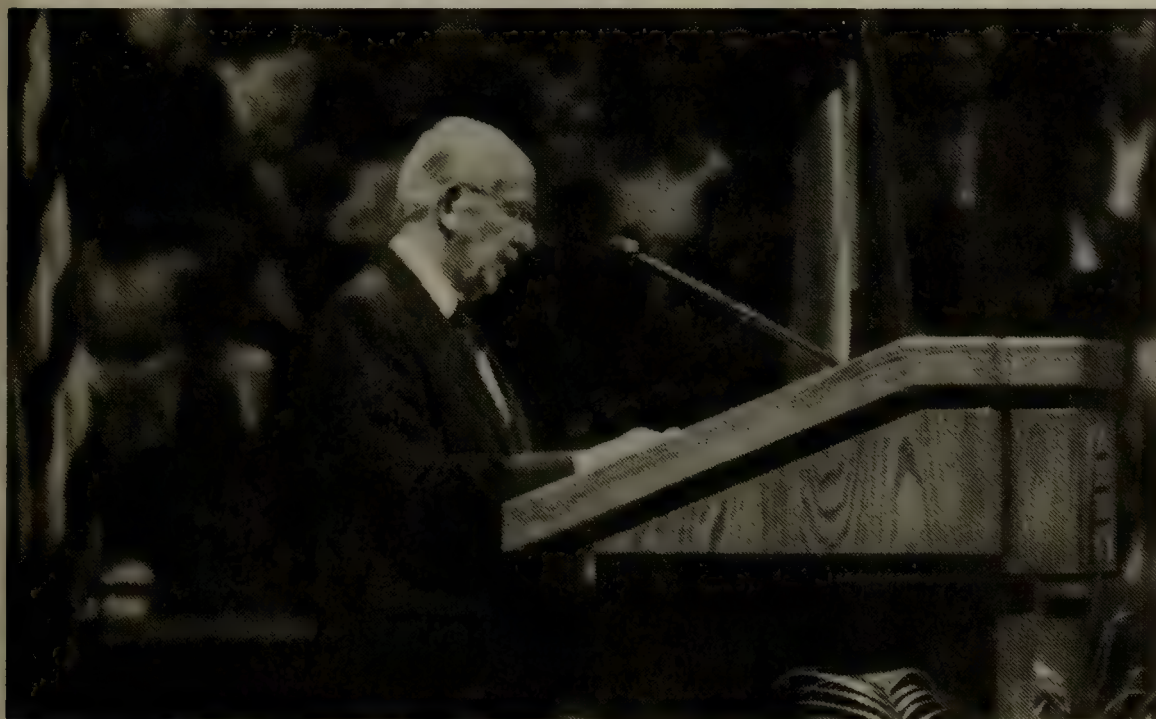

University-wide devotionals and forums are held on selected Tuesdays at 11:00 a.m. through the year. An integral part of the religious and general education experience at Brigham Young University, these assemblies are occasions to celebrate the university's sense of shared values and community. Participation will renew spiritual commitment and faith and extend your understanding of the intellectual and cultural achievements of humanity.

Devotional speakers are selected from the General Authorities and other leaders of the Church. They come prepared to remind you of the importance of the spiritual dimension of your educational experience and to teach the gospel. An additional spiritual opportunity is provided by monthly eighteen-stake firesides. These firesides, which also feature General Authorities as speakers, are usually

scheduled the first Sunday of each month at 7:30 p.m. in the Marriott Center.

Speakers for University Forums are selected carefully from the arts, the sciences, the humanities, the media, and government. They are chosen for their professional accomplishment, their ability to communicate effectively, and the importance of their contributions to society. Participation in these assemblies (and in the question-and-answer sessions and other lectures that often accompany them) will extend your understanding of intellectual and cultural achievements and will focus your thinking on significant and engaging issues. The forums aim at being truly integrative and stimulating.

To foster participation in university devotionals and forums, most campus offices and services are closed during the assemblies.

**University forums and devotionals are an integral part of the General Education experience.**

# University Calendar

The annual calendar at BYU includes two semesters and two terms. Fall semester begins the day after Labor Day and ends before the Christmas holidays. Winter semester is from early January to late April. Spring and summer terms begin in late April and late June, respectively. Registering for spring and summer terms allows students to accelerate their progress in many degree programs.

# General Education

## Why General Education?

General Education is central to the university's purposes, its definition, and its academic commitments. In an age of increasing specialization of knowledge, technological complexity, and unrelenting change, General Education affords appreciation and understanding of humankind's most valuable achievements in the arts, letters, and sciences. It offers vantage points from which to sharpen our awareness of the development of our own culture and its relatedness to others. It informs us more richly of how we have come to think and believe and behave as we do.

General Education teaches us the importance of critical thinking, moral judgment, aesthetic sensibility, and historical context. These refinements, together with the cultivation of the languages of learning—mathematics, English, and foreign languages—enable us for a lifetime of learning, problem solving, and responsible, others-focused action. We gain in appreciation for the good, the true, and the beautiful and in the capacity to share these with others.

At BYU, General Education both underpins and complements major education. The curriculum of General Education is designed to inform students of how we have come to the present state of knowledge and to enhance our awareness of the methodological and cognitive constraints on the pursuit of truth. In addition, given BYU's concern that the development of individuals be eternal, General Education means continued inquiry into the gospel of Jesus Christ and its implications for knowledge, society, and truth.

## What Are the General Education Requirements?

First of all, the General Education requirements are not the same as those called University Requirements. The following eleven courses in religion, physical education, and health compose the University Requirements:

### University Requirements for the Bachelor's Degree

Religion	Number of Courses
RelA 121–122 or 421–422	2
RelA 211 or 212	1
RelA 324 or 325	1
Electives	3

In general, only 2 credit hours of religion should be taken each semester or term; if you register for more than 2 credit hours in a single semester, **no more than 4 credit hours taken in any single semester will be counted toward graduation requirements.**

### Physical Education

PE—S 129	1
Electives (100 level)	2

### Health

Hlth 129 or 130	1
-----------------	---

Computer skills (especially word processing) are also important academic skills. To develop these abilities, you may (a) work on your own, (b) take computer workshops in 112 HRCB, or (c) take a noncredit course like Ling 98.

## General Education Requirements for the Bachelor's Degree

Note that certain modifications are required of degree-seeking students in fine arts, engineering, music, and nursing. See college advisement centers for specific information.

Physical Science	1
History of Civilization	2

Arts and Sciences Electives	Number of Courses
Selected from approved General Education courses in Arts and Letters, Natural Sciences, and Social and Behavioral Sciences.	4

## General Education Requirements for Students Enrolled Before Fall 1988

Students who first entered BYU as new freshmen before winter semester 1976, or as new transfer students before winter semester 1977, entered under a General Education program that was discontinued as of fall semester 1988. These students must complete the requirements listed above.

Students who first entered BYU as new freshmen winter semester 1976 and thereafter through summer term 1988, or as new transfer students beginning winter semester 1977 through summer term 1991, will be required to fulfill either the requirements previously listed or those listed below. Those who elect the requirements listed above should notify their college advisement centers. Students completing the requirements listed below must do so **before fall semester 1995.**

To meet elective requirements, a student may not take more than one class from any single department.

**How Should You Choose General Education Classes?**  
An undergraduate degree signifies that the recipient has completed at least two types of study: concentrated work in a single discipline (the major) and a more general education in the subject matters and methods of the commonly accepted categories of knowledge. The second, broader study is intended to complement the study in the major.

It is wise to meet the General Education requirements by selecting courses that your major will not lead you to confront. Choose your General Education courses as if each were your only opportunity to learn about subjects that you might want to know more about once you have left the university. Your General Education courses should give you the necessary background to learn more about a subject on your own.

**Is There an Honors Version of General Education?**  
Yes. An enriched General Education curriculum designed to challenge the highly capable and motivated student is available. Honors courses are designated throughout this schedule by either an H following the course number or by an HonP designation. Further information about Honors education is provided in the Uni-

versity Honors section of this schedule and is also available from the dean of General and Honors Education, 302 MSRB, 378-3038.

**When Should General Education Requirements Be Completed?**  
Students are encouraged to complete the Freshman English and Precollege Mathematics requirements during their first year at the university. *Any student who challenges the Freshman English requirement by examination (see Special Examinations, page 31) must complete the challenge within a year of residence after entering BYU. No challenge will be allowed thereafter.*

Students are encouraged to complete the American Heritage, Biology, and Physical Science requirements in their freshman year as well. The History of Civilization sequence generally should be taken during the sophomore year.

Any student who pursues the Mathematics option for the Languages of Learning requirement must complete Math 110 before enrolling in a subsequent course in mathematics or statistics.

The Advanced Writing requirement generally should be completed during the junior year. Completion of the Freshman English requirement is prerequisite to enrollment in any course that fills the Advanced Writing requirement.

**How Do You Complete the General Education Requirements?**  
General Education requirements can be met in four ways:

1. Successfully completing approved General Education courses, including Honors courses.
2. Passing special examinations at the university.
3. Transferring acceptable credit from other institutions.
4. Receiving credit from Advanced Placement (AP) examinations and the College Level Examination Program (CLEP).

These options are discussed in detail on the following pages.

# General Education Courses

You are strongly encouraged to meet the General Education requirements by enrolling in departmental or Honors courses at the university. As noted earlier, General Education is at the center of what Brigham Young University is about. As a consequence, the university devotes substantial resources and engages its best faculty in providing this educational opportunity for you.

The official list of all courses that satisfy current General Education requirements follows. In addition, a General Education column appears with the listing of courses in this Class Schedule. The codes identify all General Education courses, both required and elective. Definitions of these codes are listed at the bottom of each page.

Honors courses are recommended for students with a composite ACT score of 28 or above or a cumulative university GPA of 3.5 or above.

## Languages of Learning

**Freshman English** Engl 115, 115H, or  
(One course. This should be HonP 200, or Phil 105,  
taken during your freshman 105H  
year.)

**Transfer Students:** If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department for details.

We strongly encourage you to take a freshman writing course (Engl 115, HonP 200, or Phil 105) even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.

**Precollege Mathematics** Math 99, 100, 110, 111, 112,  
(One course. This should be 112H, 113, 113H, or 119.  
taken during your freshman See course suggestions for  
year.) freshmen and for transfer  
students below. If you are  
uncertain about which  
course to register for,  
contact your college  
advisement center.

**Freshmen:** You should register for the appropriate mathematics course according to your ACT mathematics subscore, as shown below:

ACT Mathematics Subscore	Precollege Mathematics
22 or above	Requirement is waived, but no credit is given for any course.
20–21	Challenge Math 99 or enroll in Math 100
14–19	Register for Math 99, if you have not taken high school algebra. Otherwise, see next recommendation. <b>Note:</b> Math 99 is a non-credit course requiring an additional fee.

13 or below

Register for Math 98  
**Note:** Math 98, a noncredit course requiring an additional fee, does not satisfy the General Education requirement, but it prepares you for a course that does—Math 100. Math 99 also satisfies the General Education requirement.

**Transfer Students:** You may satisfy the requirement by (1) submitting your ACT mathematics subscore if it is 22 or above, (2) passing any one of the BYU mathematics courses listed above, or (3) submitting equivalent mathematics transfer credit to Admissions and Records (A–153 ASB).

**Advanced Writing** Engl 311, 311H, 312, 312H,  
(One course. This should 313, 315, 315H, 316,  
be taken during your junior 316H, MCom 320, Phil  
year; see your college 311, 311H, or HonP 300  
advisement center for the  
course recommended for  
your major. Completion of  
the Freshman English  
requirement is prerequisite  
to enrollment in any course  
in Advanced Writing.)

## Requirement in Mathematics or Foreign Language

To fill this requirement, students may choose either the Mathematics or the Foreign Language option. The requirement may be filled by courses within the student's major. Certain majors require students to fill all of one option and all or part of the other as well. Students intending to graduate with University Honors are required to fill *both* options.

### Mathematics Option

The Mathematics option requires one or more semesters of college-level mathematics *beyond* college algebra (Math 110) or quantificational logic (Phil 205). Approved courses are:

Math 112, 112H, 113, 113H, or 119 (Math 110 is prerequisite)  
Phil 305 (Phil 205 is prerequisite)  
Stat 221, 222, 321 (Math 110 is prerequisite)  
HonP 250

### Foreign Language Option

A student who chooses to fill the Foreign Language option builds on high school, college, or other prior study of foreign language, through which a certain level of competence in the language has been attained. Further study adds to that competence and allows the student to use the language meaningfully to access another major historical, cultural, intellectual, literary, and artistic heritage. Students fill the requirement by completing one of the approved culminating courses in the language that is chosen. A student with no previous knowledge of the language would take the culminating course after taking three semesters of instruction in the language. Students with prior knowledge of the language might be ready for the culminating course with only one or two

semesters of instruction, or with none. Conversation and grammar courses will not substitute for the culminating course. Approved courses are:

- Arab 301
- ASL 301
- Chin 202, 301
- Dutch 340
- Fren 202, 301
- Germ 202, 330

- Scand 441 (Norwegian)
- Scand 447 (Danish, Finnish)
- Scand 529 (Icelandic)
- Span 202, 302

The Humanities Research Center administers proficiency examinations in less commonly taught languages such as those listed below. Students who independently prepare themselves to pass such an examination subsequently enroll in Anthr 420 (offered winter semester only). Working with cultural anthropology and linguistics faculty in this culminating course, students use their demonstrated language abilities to conduct an ethnographic interview project studying cross-cultural matters specific to their language. After successful completion of the proficiency examination and the foreign language section of Anthr 420, students will be responsible for having the Foreign Language credit posted to their transcripts. This can be accomplished at the college advisement center. Contact the Humanities Research Center, 3060 JKHB, or the General and Honors Education Office, 302 MSRB, for further information.

Nonnative speakers of the English language may fulfill this requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue.

## Arts and Sciences Core Courses

The core courses in American Heritage, Biology, and Physical Science—required of all students—should be taken during the freshman year and the History of Civilization sequence during the sophomore year.

- Students must complete one of the History of Civilization sequences listed above. If the discontinuation of a certain sequence during a student's extended absence from the university makes a change in the second course unavoidable, the student should consult with the dean of General and Honors Education (302 MSRB) for assistance in identifying an appropriate alternative.

## Arts and Sciences Elective Courses

The following restrictions apply to the electives:

1. No more than one course taken in the broad area of the student's major will meet the electives requirement. That is, majors in the College of Fine Arts and Communications and in the College of Humanities may take only one elective in Arts and Letters. Majors in the College of Biology and Agriculture, the College of Engineering and Technology, the College of Nursing, and the College of Physical and Mathematical Sciences may take only one elective in Natural Sciences. Majors in the College of Family, Home, and Social Sciences may take only one elective in Social and Behavioral Sciences. Majors in the College of Business, the College of

Education, and the College of Physical Education must distribute the four electives over all three of the categories.

Students may choose not to take any elective course in the broad area of the major but to fulfill the elective requirement by completing two approved courses in each of the two categories outside the area of the major.

A minimum of one elective in each of the categories outside the broad area of the major is required. For example, a major in the College of Family, Home, and Social Sciences must take at least one Arts and Letters elective and one Natural Science elective to fill the General Education requirements.

2. Students who elect to complete *both* the Mathematics and the Foreign Language options are excused from *one* of the four Arts and Sciences elective requirements. However, they are subject to restriction 1 above and should complete the electives requirement by selecting courses in each of the remaining categories outside the broad area of the major.

Arts and Letters Electives

In addition to the courses listed below, any Honors (HonP) course numbered 203–220 or 303–320 will fill an Arts and Letters elective.

### Special Examinations

Examinations for some General Education classes and the university health requirement are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	<i>Open</i>	<i>Exams collected</i>	<i>Center vacated</i>
Monday–Friday	8:00 a.m.	9:00 p.m.	9:30 p.m.
Saturday	9:00 a.m.	12:30 p.m.	1:00 p.m.

**Note:** You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

#### Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three General Education requirements, Freshman English, Precollege Mathematics, and Physical Science 100 on the dates given below. Fees are required for the examinations: \$10 for Freshman English, \$5 for Precollege Mathematics, and \$10 for PhyS 100. A passing grade on an examination means that the student's Advisement By Computer (ABC) Form will reflect the completion of the General Education requirement. However, no academic credit will be posted on the transcript of grades unless it is purchased.

All first-semester/term students may take the exemption examinations for Freshman English and Precollege Mathematics one time only free of charge on the dates listed below. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

#### Precollege Mathematics (Math 99) January 6–21

Students who take the exemption examination for Mathematics 99 (which meets the Precollege Mathematics requirement) do not have the option of purchasing academic credit since the course carries no credit.

#### Freshman English (Engl 115) January 6–February 4

**Note:** Students wishing to take the exemption examination for Freshman English must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, students will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of their writing to the

English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for Freshman English have the option of purchasing academic credit and having the grade posted on the transcript of grades. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for purchase of academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the Freshman English exemption examination.

#### Physical Science (PhyS 100) January 6–February 4

To receive an exemption from PhyS 100, students must receive a grade of B– or better. However, students who receive grades of C– or above may purchase the academic grade and have the grade posted to their transcript. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for purchase of academic credit.)

An exemption examination is also allowed for the university requirement Hlth 129.

#### Health (Hlth 129) January 6–21

Students may take the examination one time only. Successful completion of it will exempt you from the health requirement, but no grade or credit will be given. The examination is offered each semester and term during the posted testing period. If you fail the exam, you must complete Hlth 129 or 130.

#### Special Examinations for Graded Credit

Special examinations for graded credit are referred to as “challenge examinations” and must be arranged through the Testing Center or the department offering the examination. A \$20 fee is required for all challenge examinations. In addition to this fee, students must purchase academic credit at the rate of \$15 per credit hour (up to a maximum of \$75) in order to have the letter grade posted to the transcript of grades. The one exception to this policy is in Foreign Languages, where up to 16 credit hours may be purchased in a single semester.

Challenge examinations for three General Education courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and must do so before the official university drop deadline. For information on special examinations for Freshman English, students should consult the English Composition Office, 3110 JKHB.

Challenge examinations are given on the following dates:

#### Advanced Writing, Tests 1 and 2 January 6–February 4

**Note:** The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, a student should contact the English Composition Office, 3110 JKHB, for specific instruc-

# General Education Courses (continued)

tions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional \$40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **Students cannot challenge the Advanced Writing requirement in the semester in which they intend to graduate.**

American Heritage (AHtg 100)  
January 6–February 4

Biology (Biol 100)  
January 6–21

The procedures for challenging General Education courses are as follows:

## I. For Examinations Given at the Testing Center—

### A. Whether or not you are enrolled in the course that you are challenging:

1. Go to the Testing Center on one of the scheduled examination dates.
2. Pay the required fee at the Testing Center.
3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the Freshman English examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
4. Pay for the academic credit at the Cashiers' Office, D-155 ASB.
5. Present the completed form to the Records Office, B-150 ASB. The form must be submitted to the Records Office *during* the semester/term in which the examination is passed.

### B. *If enrolled in the course, you must also complete a Change of Registration Form and drop the course. If the challenged course is not officially dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.*

## II. For Examinations *Not* Given at the Testing Center—

### A. Whether or not you are enrolled in the course that you are challenging:

1. Contact the department that offers the course during the first two weeks of the semester/term.
2. Complete the Special Examination Form available from the department.
3. Arrange to take the examination.
4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
5. Present the validated form to the departmental examiner.
6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
7. Pay for the academic credit at the Cashiers' Office.
8. Present the completed form to the Records Office, B-150 ASB. The form must be submitted within *one* semester after completing the examination.

### B. *If enrolled in the course, you must also complete a Change of Registration Form and drop the course. If the challenged course is not officially dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.*

## Transfer Credit and Credit from Advanced Placement and the College Level Examination Program

Application of transfer credit to General Education requirements will be determined on the basis of course-by-course equivalency by the Transfer Evaluation Office, B-238 ASB. Associate degrees from transfer institutions do not by themselves satisfy BYU's General Education requirements. Students should consult advisement personnel at transfer institutions or the BYU Admissions Office, A-153 ASB, telephone 378-2507, for further information.

Students who complete the Advanced Placement (AP) examinations offered by high schools and who achieve a composite score of 3 or higher will be granted 8 semester hours of credit in the subject. For students with AP credit posted to a transfer institution transcript, that credit will be evaluated based on BYU's standards for awarding AP credit.

BYU will grant credit for the College Level Examination Program (CLEP) as well. Specifically, 3 hours of credit will be granted for each general examination on which a student scores 610 or higher. For students with CLEP credit posted to a transfer institution transcript, that credit will be evaluated based on BYU's standards for awarding CLEP credit.

## How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning General Education is found in the General Catalogue. Sources of additional information include the following:

1. **College Advisement Centers.** The recommended source of information and advice about the General Education requirements is the college advisement center. These centers, together with the Open-Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers to provide you an up-to-date report of your academic status. In addition, Advisement by Computer (ABC) Forms are sent to you early each semester. These list the General Education courses you have completed and also the General Education requirements that remain to be completed.
2. **Dean of General and Honors Education.** The dean's office is located in 302 MSRB, telephone 378-3038, and functions in an ombudsman's role for students who have experienced difficulties with records, fees, or any other General Education matter that the college advisement centers refer to the dean.

# University Honors

## University Honors at Graduation

"University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

## Participation in Honors

Honors Education provides an unusually rich and challenging experience for capable and motivated students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU students must meet not only the requirements of a major department but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and does not require formal application for membership. Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge a student's ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. Students may register for Honors courses at any time during their undergraduate years without necessarily intending to complete all the Honors graduation requirements.

## The Advantages of Honors

### Faculty

The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

### Curriculum

Honors offers a curriculum core consisting of a two-semester sequence in the History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

**Honors Colloquia.** Each semester Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "An Introduction to the Intellectual Heritage of the West from Classical Antiquity to the Present," "The Great Ideas and Values of Mankind," "Shaping the Modern Mind," "Learning How to Learn," and "The Sciences and History."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately 70 students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

**Honors Seminars.** A number of Honors seminars are also offered each semester. They range across subjects as diverse as "The Appreciation of Jazz," "The Renaissance," and "Qualitative Mathematics and Its Aesthetics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. Unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

**Departmental Honors Sections.** Departments within the university offer courses taught by their strongest faculty and intended especially for Honors students. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

# University Honors (continued)

## *Honors Housing, the Honors Center, and Special Honors Activities*

Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall, a commons room for informal meetings and discussion, an advisement center, and classrooms. An Honors computer room and an Honors writing laboratory are housed nearby in the Heber J. Grant Building.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff, and sponsors a special series of concerts, dramatic productions, and exhibitions of art and photography in the Maeser Building. Honors student aides provide assistance with academic advisement. The Honors Student Council, which is open to all Honors students, sponsors social and educational events, publishes a regular newsletter, and serves as an important advisory body to the Honors deans.

## *Early Registration Privilege*

Honors students have an early registration privilege that allows their registration requests to be processed before those of the general student body. This privilege is extended to a student the semester after he or she completes an Honors course.

## **Graduation with University Honors**

To graduate with University Honors, a student must:

1. Complete a course in intensive writing, the Honors two-semester sequence in the History of Civilization, and three or more Honors Arts and Sciences electives in areas outside his or her major. (Religion courses do not count toward this requirement.)
2. Have a cumulative 3.5 GPA at graduation.
3. Achieve a proficiency in mathematics to the level of the General Education requirement.
4. Achieve a proficiency in any classical or modern language to the level of the General Education requirement.
5. Complete an independent study of the requisite number of literary and artistic masterworks. See below.
6. Complete an Honors thesis (a significant research project in the student's major). See below.
7. Apply for graduation with University Honors.
8. Complete an exit interview with Honors deans and faculty thesis advisor(s). In addition to examining the thesis and masterworks, the exit interview is a time to look at the student's portfolio and service to the community.

## **Honors Thesis**

To graduate with University Honors, a student must complete an Honors thesis. This requirement provides an opportunity for a student to work closely with a faculty member on a project of the student's choosing in the student's major. The thesis is an independent written work that must receive both departmental and Honors approval.

## **Honors Student Portfolio**

The portfolio represents primarily a collection of the student's best academic work throughout his or her tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of the student's best writing, which may include class papers, exams, laboratory reports, etc. Depending on a student's major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the exit interview the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of the student's undergraduate experience.
2. A one-page evaluation or assessment of the student's most memorable service experience while a student at BYU (not mission). Why or how was this experience formative for the student? How does the student plan to serve the larger community once he or she has left the university?
3. A current transcript.
4. A list of three faculty members who know the student and the student's work.
5. A **representative collection** of the student's best academic work that reflects his or her educational progression throughout the undergraduate years. In this collection, some coherence with item 1 is looked for.

## **Masterworks of Art and Literature**

As part of their undergraduate studies, Honors students are expected to complete an independent study of a number of the most important works of literature and the arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans.

Many of the masterworks will likely be studied in connection with courses, but Honors also sponsors a series of noncredit "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

## **Honors and Grades**

Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in

Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

**The Course Description**

The following pages provide a listing of Honors courses. For each course you will find a considerable amount of information including (1) the course number, followed by the section number in parentheses (since many courses are offered in more than one section you need to know which section is the Honors section); (2) the index number, which the university's computers use to keep track of registration and records; (3) the title of the course; (4) the number of credit hours carried by the course; (5) the time and place where the course is to be held; and (6) the name

of the professor(s). All this information is important because it enables you to select the courses that will be most valuable and appealing, to plan your daily schedule, and to determine the number of credit hours for which you will be responsible.

In preparing to register, be sure to have the index number and the section number for each course in which you would like to enroll. You will need these numbers to complete your registration by telephone. (This university class schedule provides full information on telephone registration, fees, calendar, and other important information.)

For further information on any part of the Honors Program, please consult the Honors Program Office, 350 MSRB.

# Academic Standards

Your academic standing in the university is determined by two measures of your work. One measure is the grades that you earn and the other is the progress that you make to complete the work for which you have registered. The following outline shows the conditions and expectations for your academic standing:

Academic Status	Under These Conditions	Expectations
Satisfactory Academic Standing	<p>When your most recent semester/ term and cumulative grade point average (GPA) are 2.0 or above.</p> <p>AND</p> <p>When more than 65 percent of your grades in the last 30 credit hours attempted are progress grades: D- to A range. (Nonprogress grades are W, E, UW, WE, I, and IE. W is a nonprogress grade if you withdraw after the deadline for adding classes.) Your progress is evaluated only if you have more than 10 hours of BYU credits. If you retake a class in which you received a passing grade (D- or above), the original grade is counted as a nonprogress grade.</p>	<p>Maintain the cumulative 2.0 GPA to graduate from BYU.</p> <p>Maintain more than 65 percent progress to continue in acceptable standing.</p>
Academic Warning	<p>When your most recent semester/term GPA is below 2.0.</p> <p>OR</p> <p>As a beginning freshman you are completing your first college enrollment and you earn a GPA below 2.0.</p> <p>OR</p> <p>When your progress is 65 percent or less.</p>	<p>Contact the Academic Support Office, your department advisor, or college advisement center.</p>
Academic Probation	<p>a. When your cumulative BYU GPA falls below 2.0.</p> <p>OR</p> <p>b. When your semester/term GPA is below 2.0 for two consecutive semesters/terms.</p> <p>OR</p> <p>c. When you receive additional nonprogress grades during an enrollment when you are on academic warning and your progress has not risen above 65 percent.</p> <p>However, if while on warning you complete the next semester/term with no nonprogress grades, you will not be placed on progress probation even if the progress work remains at or below 65 percent of the last 30 hours of BYU credit.</p> <p>If you have previously been on warning or probation because of progress difficulties and your progress grades fall to 65 percent or lower, you will be placed directly on probation.</p>	<p>1. Contact the Academic Support Office immediately.</p> <p>2. If you are receiving university or federal financial aid, check with the Financial Aid Office to see if you are still eligible. (Students on academic probation normally are not eligible for financial aid.)</p>
Academic Suspension	<p>When on academic probation you fail to bring your cumulative BYU GPA to 2.0 or above or fail to receive at least a 2.0 GPA for the semester/term. (Academic probation will continue if your semester/term GPA is at least a 2.5 even if your cumulative BYU GPA continues to be below 2.0.)</p> <p>OR</p> <p>When you receive additional nonprogress grades and fail to raise your progress above 65 percent during your current semester/term.</p>	<p>1. Suspended students are denied continued enrollment. Therefore, if you are suspended and desire to return to BYU you must qualify for readmission. This process may be assisted by the Academic Support Office acting as an agent for you before the Academic Standards Committee. To make a written appeal you must contact the Academic Support Office before the end of the next enrollment period following your suspension. After that time you will be referred directly to the Admissions Office.</p> <p>2. Suspension will be noted on your transcript.</p> <p>3. If you have preregistered and/or paid any fees for a subsequent semester/term, you must withdraw (discontinue) and arrange for a tuition refund.</p>
Academic Dismissal	<p>After careful review of your complete academic history by the Academic Standards Committee, officers at the university may determine that you have exhausted your opportunities to study and progress academically at BYU.</p>	<p>Academic dismissal is noted on your transcript and you will need to seek other options if you wish to continue your formal education. (Students who have been suspended for a second time are usually placed on academic dismissal.)</p>

# Brigham Young University Code of Honor

*We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy we seek after these things.*

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere can be preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University seek to demonstrate in daily living those moral virtues encompassed in the gospel of Jesus Christ, and will:

- Be honest
- Live a chaste and virtuous life
- Obey the law
- Use clean language
- Respect others
- Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse

## Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*.

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hair styles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

## University Policies

### Confidentiality of Records Policy

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a

lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes, but is not limited to, the following:

- Student's name
- Home and local addresses and telephone numbers
- Date and place of birth
- Major field of study
- Information relative to participation in officially recognized activities—e.g., sports—including weight and height
- Dates of attendance
- Current class schedule
- Degrees and awards received
- Previous educational institutions attended
- Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

**Student Classification**

At the beginning of each semester, students are classified for that semester as follows:

0-31.9	Freshman
32-63.9	Sophomore
64-95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

**Class Attendance Policy**

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an acci-

dent or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

**Repeating Classes**

You can repeat classes at BYU in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from the BYU department chair.
3. Repeat at other institutions classes taken at the same institution—and have the credit transferred to BYU.
4. Repeat classes taken at BYU through Independent Study or a Continuing Education center.

When you repeat a class, except for classes classified as R classes, the grade used to figure your GPA is the grade earned the last time the repeated class was taken. You must notify the Records Office, B-150 ASB, during the subsequent semester that the class has been repeated.

**The I (Incomplete) Grade**

The letter grade I (incomplete) is given on a contractual basis with the instructor for students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

**Grade Reports**

Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

**Changing College or Major**

Students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a change of

# University Policies (continued)

major form, and have it signed. Graduate students should review the policy regarding them that follows.

## **Withdrawal (Discontinuance) from BYU**

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Support Office, 170 SWKT. The nonacademic emergency deadline, November 26, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Support Office, 170 SWKT, telephone 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or third week of the term, you become responsible for class grades. Signatures must be obtained from individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Support Office staff.
4. Have your student activity sticker voided. You retain the voided sticker as your receipt.
5. See page 16 for discontinuance refund information.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the discontinuance deadline. Initiate official termination by contacting the Discontinuance Support Office as soon as possible.

## **Graduate Students**

It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and his or her specific department's requirements. These are available in the BYU Graduate Studies Catalogue, from the department, and from the Office of Graduate Studies.

Graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester in which they (a) are accepted in a graduate program or (b) plan to graduate.

## **Graduate International Students**

International students will also need to conform to U.S. immigration regulations. This means registering for at least 9 semester hours of credit each fall and winter semester. Anyone having fewer than 9 semester hours of credit remaining in the program will need to register for a minimum of 2 hours per semester. Questions concerning this requirement may be answered in the Office of Graduate Studies.

# Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for courses up to 6 hours per semester, within the limits indicated below, and will not be required to pay the cost of the tuition.

Written approval is required for employees to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before** registration. (Final approval for daytime class work rests with the manager of Employee Benefits.) Employees eligible to take daytime classes need to be properly admitted through the Admissions Office.

## Full-Time Regular Faculty and Administrative Personnel

(See tuition policy in the University Handbook)

### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chairman or supervisor, the dean or director over the area, and the manager of Employee Benefits. Administrative personnel who take classes in the daytime hours will be expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties or administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may **not** be taken in the summer term, or vice versa.) Faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits and will not be required to pay the cost of the tuition.

## Full-Time Regular Staff

(See tuition policy in the University Handbook)

### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Regular staff employees may register for courses of study up to 6 hours per semester. However, these courses may **not** be taken during regular work hours. Lunch hours, no matter when scheduled, may **not** be used for class attendance.

With the required approvals, staff employees with staggered hours schedules (See work hours policy in the University Handbook) may register for daytime classes. A staggered hours work schedule, which must first be approved by the employee's supervisor, allows an employee to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an employee can have a staggered hours schedule and take day classes will depend on the seasonal and daily workload of the department. The opportunity to take a daytime class is limited to classes that are needed to complete a degree or will enhance job performance. Written approval needs to be obtained from the employee's supervisor, the dean or director over the area, and the manager of Employee Benefits.

During the spring or summer terms, regular staff may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may **not** be taken in summer term, or vice versa.)

## Spouses of Regular Faculty, Staff, and Administrative Personnel

(See tuition policy in the University Handbook)

### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for courses of study with no limit as to the number of hours, day or evening classes, and will not be required to pay the cost of the tuition. Those who wish to take daytime classes need to be properly admitted through the Admissions Office.

To be eligible for tuition benefits for their spouses, employees must (a) be at least age 30 and have completed at least one year of service, **or** (b) have completed five years of service with the university, whichever comes first. Regular employees who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

## Part-Time Employees

(See tuition policy in the University Handbook)

Part-time, on-call, and temporary employees and their spouses are required to pay tuition costs for courses for which they register.

# University Policies (continued)

## Auditing Classes

Faculty and administrative employees and their eligible spouses who desire to audit classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited in this manner will not appear on official records. Staff employees are not eligible to audit daytime classes. Those wishing to audit Evening Classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

## University Discontinuance

An employee or spouse enrolled through day school who discontinues his or her entire registration at the university is required to discontinue through the Discontinuance Support Office, B-150 ASB. If all classes are Evening Classes, discontinue through Evening Classes, 120 HCEB.

## Evening Classes

Employees and their eligible spouses who desire to register only for Evening Classes may do so at Evening Classes, 120 HCEB. They may obtain their tuition benefit at Evening Classes at the time they register by presenting their employee or spouse ID card.

Daytime students taking Evening Classes (sections 400-499) must register for the courses through the same procedure as for day school.

Faculty and staff members who register for Evening Classes only must register by August 15, 1991, for fall semester. On-campus registration will be in 120 HCEB beginning April 1, 1991, for fall semester.

**Registration.** Forms for registering may be obtained at the Evening Classes Office, 120 HCEB. Check the current Class Schedule for semester and term deadlines and watch the weekly *Y News* for instructions. To assure a place in a class, early registration is necessary. **All completed registration material must be submitted to 120 HCEB. All matters concerning evening registration are handled in this office.**

**Changes in Registration.** When a change in registration becomes necessary, employees must obtain a Change of Registration Card from 120 HCEB. The approval and signature of the instructors are required to add classes. This card must then be returned to 120 HCEB.

**Discontinuance.** A student discontinuing his or her entire registration at Evening Classes is required to clear through the Evening Classes Office, 120 HCEB. A \$10 fee is charged for the service after registration has been finalized.

# Final Examination Schedule

## Day Classes Winter Semester 1992

Final examinations will be given at the times shown in the following schedule. **Examinations are not given early.** The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

Second block class examinations will be given at the time shown in the schedule below. First block examinations will be given during the last regular class period. In cases where a student has conflicting examinations or **more** than three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held April 18, 20, 21, 22, and 23, with reading days April 15, 16, and 17; therefore, Tuesday, April 14, 1992, will be the last day of instruction.

**Note to faculty:** If an exam hour conflict arises, please contact the Academic Scheduling Office, B-150 ASB, telephone 378-6557.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, the final exam period is determined by the beginning hour. For example, a class held from 8:35 to 9:50 must take the 8:00 exam period.

\*Special reading day exam period to avoid conflict with commencement exercises.

# Final Examination Schedule

## Evening Classes Winter Semester 1992

All section 400 classes beginning at 4:00 p.m. or later must follow this schedule to avoid day class conflicts. In cases where a student has conflicting examinations, individual arrangements for alternative test times may be made by the instructor.

Note to faculty: If an exam hour conflict arises, please contact the Evening Classes Office, 105 HCEB, telephone 378-2872.

# Class Schedule Abbreviations

## Class Schedule Abbreviations

The courses in the Listing of Classes section are listed under their respective departments, which appear alphabetically. Abbreviations used in the Class Schedule are as follows:

**DEPT**—the department of the university which offers the class. The university is divided into ten colleges and each college is divided into various departments. See the BYU General Catalogue for a listing of the colleges and departments at BYU.

**CATG NO**—the catalog number. The numbers indicate the following classifications:

Preparatory and remedial courses	1–99
Lower-division courses	100–299
Upper-division courses	300–499
Courses for graduates or advanced undergraduates	500–599
Graduate courses	600 or above

**Note:** Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

**R** designates a course that may be repeated for credit. Two **R** courses with the same number on a transcript are treated as two independent courses.

**If an R course is repeated for the purpose of raising the grade received, the grades will be averaged because it is assumed that the subject matter varies from time to time.**

**LAB** or **QZ**—lab or quiz section noted by **L** or **Q**.

**SEC**—section. When more than one class of a particular course is offered, they are distinguished by different section numbers. Enter this number on the work sheet.

**INDEX**—index number. Each course has a different index number for computer identification purposes. Enter this number on the work sheet.

**CR HR**—credit hours. To graduate, you must have completed 128 credit hours of course work. To graduate in eight semesters, you must average 16 credit hours per semester. **V** means variable credit hours. **Register for the desired number of hours within the approved range indicated in the schedule** (see advisement center for further information). *Arr.* means credits to be arranged.

**BLK**—block. Each semester is divided into two blocks. Block classes are offered either during the first or second block of the semester.

**DAYS TAUGHT**—class days.

**ROOM—BLDG**—where the class meets (see below for building abbreviations).

**SPECIAL ENROLLMENT**—classes restricted to particular students.

**GE CATG**—General Education Category—**E** = Freshman English, **M** = Precollege Mathematics, **AL** = Arts and Letters, **NS** = Natural Sciences, **SS** = Social Sciences, **AW** = Advanced Writing, **L/M** = Foreign Language or Mathematics Requirement.

**APPROV OR FEE**—classes requiring special approval or fee. See the explanatory footnote at the bottom of every other page.

**TBA**—to be announced (see department).

**YTBA**—Yet to be announced (see department).

# Independent Study Program

Independent Study is the university's "portable" program. You may register for courses anytime during the year and take up to a year to finish each course. Tuition is \$63 per semester hour and is not included in your regular BYU daytime tuition. For further information and a free catalogue of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868.

The following courses are available through Independent Study:

# Telephone Registration Work Sheet Spring Term

Use *only* a Touch-tone telephone to make entries. Touch-tone phones make a tone sound after each button is pushed. Phones that make no tone will not work. If you do not have access to a Touch-tone telephone, you may mail this form to the Registration Office, B-130 ASB, Brigham Young University, Provo, Utah 84602.

If all lines are busy, the phone will continue to ring until a line is available.

A voice response will guide you after each entry. Press entire sequence when told to do so: code, numbers, star \* key, and pound # key.

Make a longer add list because some classes might be full.

## 1. Declare Your Intent to Register

No Intent to Register Form will be mailed to you spring or summer terms since it is not necessary to declare your intent to register. A \$50 prepayment is required for fall and winter semesters only.

# Academic Advisement

## Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call (area code 801) the advisement center of your choice:

# Registration Instructions

## Spring Term 1992

### Are You Eligible to Register?

You are eligible to register for spring term 1992 if you registered for and completed day school classes during winter semester 1992 or have been issued a valid letter of admission for spring term 1992 by the Admissions Office. If you do not meet one of these criteria, registration will not be permitted.

No Intent to Register Form will be mailed to you spring or summer terms since it is not necessary to declare your intent to register. A \$50 prepayment is required for fall and winter semesters only.

Students may register by Touch-tone telephone beginning December 9, 1991.

## Continuing Ecclesiastical Endorsement

All students must have a new continuing ecclesiastical endorsement each year by the April 1 deadline. LDS students must receive this endorsement from the bishop of the ward where they reside during winter semester. Non-LDS students may obtain an endorsement through an ecclesiastical officer of their choice or through the Student Life Office. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester without this new endorsement.

All students are expected to abide by all requirements of the BYU Code of Honor, which includes the residential living standards and the dress and grooming standards of the university. LDS students are expected to do their duty in the Church, attend their meetings, and abide by the rules and standards of the Church.

## Health Insurance Requirement Spring Term

BYU requires all full-time students (4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first day of classes each semester or term will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan.

# Step 1: Plan Your Schedule

We suggest that you use the following form to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days.** Consult the listing of classes beginning on page 14. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

# Step 2: Complete Registration Work Sheet

The Telephone Registration Work Sheet is found inside the front cover of this schedule.

This sample shows you how to take the information from the Class Schedule and list it on the work sheet. Prioritize your desired classes. The computer will not schedule you in more than one section of the same class (except R courses).

If you do not have access to a Touch-tone telephone, you may complete the work sheet inside the cover and mail it to the Registration Office, B-130 ASB, Provo, Utah 84602.

L # List of Scheduled Classes

Notice: Once students register for classes, they are officially enrolled and committed to attend class. Students who decide not to come must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Support Office, (801) 378-7705. Before the first tuition deadline, the Touch-tone telephone registration system may be used to discontinue. Tuition charges will be incurred to the date of official discontinuance. See page 16 for the tuition rate schedule.

## Step 3: Register by Touch-tone Telephone

**Register:** December 9–April 24 5:00 p.m.

Register using a Touch-tone telephone (Touch-tone phones make a clear tone after each button is pushed).

**Final Tuition Deadline:** April 20, (without late fee)

A Tuition Billing Statement will be sent to all registrants. If you register after March 30, a statement may not arrive before the payment deadline. In the event that a Tuition Billing Statement is not received by mail, **full tuition remains the student's responsibility and is due by the payment deadline.** If the billing statement and final tuition payment are not returned by April 20, you will be assessed a \$25 late tuition fee. The last day to late register is Wednesday, May 6, 1992.

**Late Registration:** April 21–April 24

After April 20, a **\$25 late fee and full tuition must be paid before the telephone system will be made available for late registration.** You may late register by telephone until 5:00 p.m. April 24. Beginning the first day of class, April 29, you should go to the Registration Office to late register in person.

## Step 4: Pay Tuition

### Address Correction Requested

It is important that your correct mailing address be on file at the Registration Office. Addresses may be corrected by contacting the Registration Office, B-130 ASB, Provo, Utah, 84602, telephone (801) 378-2824.

**Payment Deadline** April 20, 1992 (without late fee)

The Tuition Billing Statement and a confirmation of classes will be mailed by March 30, 1992. If you register after March 30 or have not received this notice by April 10, contact the Registration Office immediately. Full tuition must be received in the BYU Cashiers' Office by April 20. **Students who fail to meet the tuition deadline will be assessed a \$25 late fee. In the event you do not receive a Tuition Billing Statement by mail, payment still remains your responsibility and is due by the deadline.** The last day to pay tuition is Wednesday, May 6, 1992.

**Important notice:** You will be assessed a \$25 late tuition fee if you pay less than full-time tuition by April 20 and are then enrolled or later become enrolled for more than 4 credit hours.

### Payment Procedure

The Tuition Billing Statement and a check or money order to cover the amount of tuition due should be mailed to the BYU Cashiers' Office, D-148 ASB, Provo, Utah 84602. A drop box is provided in the administration building (D-148 ASB) for students on campus who wish to save postage. (Do not use campus mail.)

**Note:** BYU scholarship recipients must return the Tuition Billing Statement even if no tuition payment is due.

## Pell Grant Requirement

Tuition assessed on the Tuition Billing Statement is based on full-time enrollment of 8.5 credit hours or more for a semester and 4.5 credit hours or more for a term. The Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours or more for a semester and 6 credit hours or more for a term. Pell recipients who enroll for less than this receive a partial Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline.

# Help for New Students

## Organize Your Registration Materials

You will need the following items to register:

### **BYU General Catalogue or BYU Graduate Studies Catalogue**

The BYU General Catalogue includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Studies Catalogue describes graduate courses and programs. Both are available at the BYU Bookstore or may be ordered by sending \$5.00, plus \$1.50 postage and handling, for each catalogue, to BYU Mail Services, 296 UPB.

### **Telephone Registration Work Sheet**

This work sheet is found inside the front cover of this Class Schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

### **List of Required Classes**

To obtain a list of classes needed to meet university and major requirements, please refer to the BYU General Catalogue, contact your advisement center, or refer to the General Education section of this Class Schedule.

The following section, Questions New Students Must Be Able to Answer, should help new students.

## Questions New Students Must Be Able to Answer

### **What is a credit hour?**

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

### **What is General Education?**

The General Education Program at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

### **What is a major?**

A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called open-major advisement.

### **How do I request classes?**

Students request classes using a Touch-tone telephone. You should complete the Telephone Registration Work Sheet (see inside cover) and have alternate sections available so that you can submit additional requests by phone if the class is full.

### **Which classes should I select?**

A guide for selecting classes is found on page 8.

# Selecting Classes—Freshman Year

Use the schedule form on page 4 to list your courses. Do not be concerned if you are unable to register for a particular class during your first term or semester (e.g., Engl 115). You may be able to take it the next term or semester.

Some of the classes below may not be offered during spring or summer terms even though they are listed here. Please check with your advisement center if you have questions.

**1. Select one university-required class:**

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE—S 129	Fitness for Living	.5
HLth 129	Health and Life-Style Management	1
Physical education elective	Varies	.5

**2. Select an appropriate English and math\* class based on your preparation:**

Course	Title	Credit Hours
Engl 115	Freshman English	3
Engl 115H	Honors English	3
HonP 200**	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 98	Beginning Algebra (ACT math score below 13; this is a no-credit, extra-fee class)	0
Math 99	Review Basic Math (ACT math score 13–19; this is a no-credit, extra-fee class)	0
Math 100	Intermediate Algebra (ACT math score 20–24)	2
Math 110	College Algebra (ACT math score 25 or above plus two years of high school algebra)	3
Math 112	Calculus I (ACT math score 27 or above plus four years of high school mathematics including precalculus)	4
Math 119	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

\*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education math option.

\*\*Consider registering for this course if you successfully completed the AP English exam.

**3. Start work in a foreign language (see page 81).**

If you want to pursue the Foreign Language Option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

**4. Select one course from the following General Education groups.** There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or Phys 100 if your major is within the College of Biology and Agriculture, the College of Nursing, or the College of Education.

# Adding and Dropping Classes (Adjusting Your Current Schedule)

## Adding and Dropping by Telephone: December 9–April 24

Students may add and drop classes before the first day of class by using a Touch-tone telephone. Students who pay their tuition by April 20, 1992, may continue to adjust their schedules through April 24, 1992, 5:00 p.m..

## Adding and Dropping Classes: April 29–May 6

**After school has started, no drops will be processed by the telephone system.** To add during the first three days of classes, refer to the method code (T or S) listed with each section in the schedule. The T means the class is added by telephone. The S means the class is added by teacher or department signature. For further instructions to add classes after advance registration, refer to the Class List definitions found on page 13.

The procedure for using add/drop cards follows:

1. Obtain an add/drop card from the Registration Office or a college advisement center.
2. To add a class, obtain a signature of approval from the instructor or department, as indicated in this Class Schedule. Some classes are added by telephone only during the first three days of classes (see Class List, page 13).
3. To drop a class, complete the card, indicating the class to be dropped (no signature required).
4. After the second day of school, pay a fee for each class dropped. The amount of the fee increases each day. The charges per day are printed on the add/drop card.
5. Take the add/drop card to the Smith Family Living Center step-down lounge during the first six days of school. Afterward add/drop cards should be taken to the Registration Office, B-130 ASB. Turn the card in before the appropriate deadline listed below.

During fall or winter semester, students may add classes during the first ten class days and drop classes during the first twenty-five class days. During spring or summer term, classes may be added during the first six class days and dropped during the first thirteen class days.

# Discontinuance (Dropping All Classes for the Semester/Term)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school for this semester/term, you must drop *all* your classes. Prior to the tuition deadline, classes may be dropped through the Touch-tone telephone registration system. After the tuition deadline, you should contact the Discontinuance Office in B-150 ASB or telephone 378-7705. If you do not drop your classes, they will remain on your record and **you will be charged tuition**. Tuition will be billed starting the first day of class to the date of discontinuance at the percentage rate listed on page 76.

## Spring Registration Deadlines

W	Apr 29	Classes begin. You may add, drop, or late register for classes.
F	May 1	First day fees are charged for dropping classes. (The amount of the fee increases each day. The charges per day are printed on the add/drop card.)
W	May 6	Last day to add classes, late register, or change classes to audit.
W	May 6	Last day to drop classes without W, official withdrawal, appearing on the transcript.
F	May 15	Last day to drop classes for academic reasons.
F	May 15	Last day to officially withdraw from the university without being graded.
W	Jun 4	Last day to officially withdraw from the university or drop classes for nonacademic emergencies.

# Additional Registration Information

## Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing of classes, registering for a class without receiving credit, or registering for Evening Classes constitute a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

## Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last three days of the add period, May 4, 5, 6. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

## Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit the fifth through the tenth day of the semester or the fourth through the sixth day of the term.

## Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day the class is held. Other rolls, sent out during the third week, include the names of all students currently registered for that class.

## Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 hours or less during a term are considered part-time. Students enrolled in 4 or less credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours.

## Evening Classes

Daytime students are automatically allowed to register for Evening Classes (sections 400–499) through the Touch-tone telephone system.

For more information, please contact Evening Classes, 120 HCEB, Provo, Utah 84602, telephone 378-2872.

## Independent Study Programs

Independent Study is the university's "portable" program. You may register for courses anytime during the year and take up to a year to finish each course. Tuition is \$60 per semester hour and is not included in your regular BYU daytime tuition. For further information and a free catalogue of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868.

# Final Examination Schedule for Spring Term Classes\*

Final examinations will be given at the times shown in the following schedule. Examinations are not given early. The examination period is preceded by a reading day, which gives time for conscientious review and study and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

In cases where a student has conflicting examinations or more than three examinations in one day, individual arrangements for an alternative test time may be made by the instructor. Examinations will be held June 19 and 20, with a reading day Thursday, June 18; therefore, Wednesday, June 17, 1992, will be the last day of instruction.

**\*Finals for Evening Classes will be conducted the last class period Thursday, June 11; Friday, June 12; Monday, June 15; Tuesday, June 16; and Wednesday, June 17.**

# Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Please see page 6 for tuition payment deadlines.

**Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).**

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to come must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Support Office, B-150 ASB, telephone 378-7705. (Before the first tuition deadline, the Touch-tone telephone registration system may be used to discontinue.) Tuition will be charged to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

**The charge for noncredit courses or for auditing courses is the same as for credit courses.** Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Pell and Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

**Advanced-standing students** are those students who have received their bachelor's degree (or will have received it by the beginning of the semester for which they are registering) and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester and 4.5 or more credit hours per term.

**The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.**

## Tuition and General Fees Per Semester

Undergraduate Students	LDS	Non-LDS
Full-time (8.5 or more credit hours) . . . . .	\$ 500	\$ 750
Part-time (per credit hour) . .	\$ 102	\$ 153

Advanced-Standing Students		
Full-time (8.5 or more credit hours) . . . . .	\$ 585	\$ 877
Part-time (per credit hour) . .	\$ 130	\$ 195

Graduate School of Management Students		
Full-time (8.5 or more credit hours) . . . . .	\$ 945	\$ 1,417
Part-time (per credit hour) . .	\$ 210	\$ 315

Law School Students		
Full-time (8.5 or more credit hours) . . . . .	\$ 945	\$ 1,417
Part-time (per credit hour) . .	\$ 210	\$ 315

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

## \$50 Tuition Prepayment (nonrefundable/nontransferable)

A prepayment is required of all students to access the telephone registration system before December 1. (See page 3 for registration and payment instructions.)

## Late Tuition Fee—Tuition Paid After December 16 Before Classes Begin

December 17–January 3 . . . . . \$50

## After Classes Begin

January 6–January 17 . . . . . \$90

Late tuition fees will be assessed all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time

# Tuition and Fees (continued)

tuition by the deadline:

- After 4 p.m. April 20 (spring term) . . . . . \$25
- After 4 p.m. June 15 (summer term) . . . . . \$25

### Tuition Adjustments—Status Change

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151, ASB. **The activity card must be surrendered at that time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last scheduled day for adding classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

### Tuition Refunds/Charges—Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Support Office, B-150 ASB, telephone 378-7705. The following rates apply:

#### Full-time Students

		Tuition Charged	Tuition Refund
<i>Spring Term</i>	<i>Summer Term</i>		
Before Apr 29	Before June 20 . . .	0%	100%
Apr 29–May 8	June 22–June 26 . . .	10%	90%
May 11–May 15	June 29–July 2 . . .	20%	80%
May 18–May 22	July 6–July 10 . . .	40%	60%
May 26–May 29	July 13–July 17 . . .	60%	40%
June 1–June 5	July 20–July 23 . . .	80%	20%
After June 5	After July 23 . . .	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of their personal medical incapacitation after the 80 percent refund period. Petition forms are in D-208 ASB.

#### Part-Time Students

Inasmuch as all tuition assessments have a minimum nonrefundable amount of \$50, part-time tuition refunds will be the above percentage of tuition except there will be a minimum \$50 nonrefundable.

**A refund due because of discontinuance** from school will be made only by check through the mail. It will be

mailed approximately two weeks from the date on which **discontinuance** is filed and the activity card voided by the Discontinuance Support Office. Refunds due to students who have a Pell Grant or Stafford Loan will be returned to Pell and/or the lending agency.

Refunds will not be granted to students who are requested to discontinue from the university for violation of standards.

Late fees are not refundable.

### Refunds for Class Fees

Class fee refunds are based on the same schedule as listed for tuition refunds. Those with an asterisk (\*) are exceptions to this schedule and must be applied for at the respective academic department.

<b>Health Insurance Requirement</b>	
BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:	
• provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;	
• have an individual annual deductible of no more than \$500; and	
• have an annual plan limit of no less than \$25,000.	

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first day of classes each semester or term will be automatically enrolled in and assessed the appropriate premium

(single or married student rate) for the BYU Student Health Plan. Insurance payment is due by the first day of classes.

### Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt

collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. The student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript and before being considered for readmission.

## University Assemblies

### University Forums and Devotionals

University-wide devotionals and forums are held on selected Tuesdays at 11:00 a.m. through the year. An integral part of the religious and general education experience at Brigham Young University, these assemblies are occasions to celebrate the university's sense of shared values and community. Participation will renew spiritual commitment and faith and extend your understanding of the intellectual and cultural achievements of humanity.

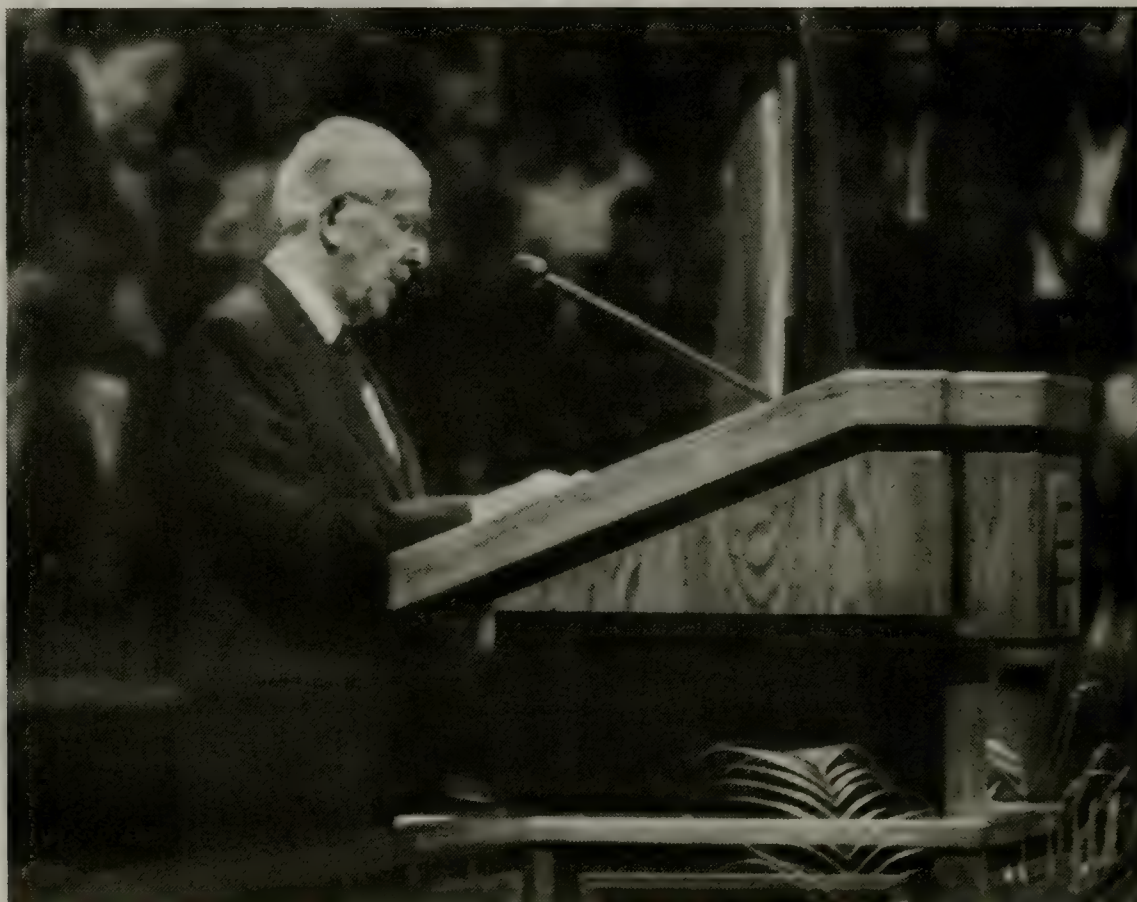

Devotional speakers are selected from the General Authorities and other leaders of the Church. They come prepared to remind you of the importance of the spiritual dimension of your educational experience and to teach the gospel. An additional spiritual opportunity is provided by monthly eighteen-stake firesides. These firesides, which also feature General Authorities as speakers, are usually

scheduled the first Sunday of each month at 7:30 p.m. in the Marriott Center.

Speakers for University Forums are selected carefully from the arts, the sciences, the humanities, the media, and government. They are chosen for their professional accomplishment, their ability to communicate effectively, and the importance of their contributions to society. Participation in these assemblies (and in the question-and-answer sessions and other lectures that often accompany them) will extend your understanding of intellectual and cultural achievements and will focus your thinking on significant and engaging issues. The forums aim at being truly integrative and stimulating.

To foster participation in university devotionals and forums, most campus offices and services are closed during the assemblies.

**University forums and devotionals are an integral part of the General Education experience.**

# General Education

## Why General Education?

General Education is central to the university's purposes, its definition, and its academic commitments. In an age of increasing specialization of knowledge, technological complexity, and unremitting change, General Education affords appreciation and understanding of humankind's most valuable achievements in the arts, letters, and sciences. It offers vantage points from which to sharpen our awareness of the development of our own culture and its relatedness to others. It informs us more richly of how we have come to think and believe and behave as we do.

General Education teaches us the importance of critical thinking, moral judgment, aesthetic sensibility, and historical context. These refinements, together with the cultivation of the languages of learning—mathematics, English, and foreign languages—enable us for a lifetime of learning, problem solving, and responsible, others-focused action. We gain in appreciation for the good, the true, and the beautiful and in the capacity to share these with others.

At BYU, General Education both underpins and complements major education. The curriculum of General Education is designed to inform students of how we have come to the present state of knowledge and to enhance our awareness of the methodological and cognitive constraints on the pursuit of truth. In addition, given BYU's concern that the development of individuals be eternal, General Education means continued inquiry into the gospel of Jesus Christ and its implications for knowledge, society, and truth.

## What Are the General Education Requirements?

First of all, the General Education requirements are not the same as those called University Requirements. The following eleven courses in religion, physical education, and health compose the University Requirements:

### University Requirements for the Bachelor's Degree

Religion	Number of Courses
RelA 121–122 or 421–422	2
RelA 211 or 212	1
RelA 324 or 325	1
Electives	3

In general, only 2 credit hours of religion should be taken each semester or term; if you register for more than 2 credit hours in a single semester, **no more than 4 credit hours taken in any single semester will be counted toward graduation requirements.**

### Physical Education

PE—S 129	1
Electives (100 level)	2

### Health

Hlth 129 or 130	1
-----------------	---

Computer skills (especially word processing) are also important academic skills. To develop these abilities, you may (a) work on your own, (b) take computer workshops in 112 HRCB, or (c) take a noncredit course like Ling 98.

## General Education Requirements for the Bachelor's Degree

Note that certain modifications are required of degree-seeking students in fine arts, engineering, music, and nursing. See college advisement centers for specific information.

## General Education Requirements for Students Enrolled Before Fall 1988

Students who first entered BYU as new freshmen before winter semester 1976, or as new transfer students **before** winter semester 1977, entered under a General Education program that was discontinued as of fall semester 1988. These students must complete the requirements listed above.

Students who first entered BYU as new freshmen winter semester 1976 and thereafter through summer term 1988, or as new transfer students beginning winter semester 1977 through summer term 1991, will be required to fulfill either the requirements previously listed or those listed below. Those who elect the requirements listed above should notify their college advisement centers. Students completing the requirements listed below must do so **before** fall semester 1995.

To meet elective requirements, a student may not take more than one class from any single department.

**How Should You Choose General Education Classes?**  
An undergraduate degree signifies that the recipient has completed at least two types of study: concentrated work in a single discipline (the major) and a more general education in the subject matters and methods of the commonly accepted categories of knowledge. The second, broader study is intended to complement the study in the major.

It is wise to meet the General Education requirements by selecting courses that your major will not lead you to confront. Choose your General Education courses as if each were your only opportunity to learn about subjects that you might want to know more about once you have left the university. Your General Education courses should give you the necessary background to learn more about a subject on your own.

**Is There an Honors Version of General Education?**  
Yes. An enriched General Education curriculum designed to challenge the highly capable and motivated student is available. Honors courses are designated throughout this schedule by either an H following the course number or by an HonP designation. Further information about Honors education is provided in the Uni-

versity Honors section of this schedule and is also available from the dean of General and Honors Education, 302 MSRB, 378-3038.

**When Should General Education Requirements Be Completed?**  
Students are encouraged to complete the First-Year Writing and Precollege Mathematics requirements during their first year at the university. *Any student who challenges the First-Year Writing requirement by examination (see Special Examinations, page 85) must complete the challenge within a year of residence after entering BYU. No challenge will be allowed thereafter.*

Students are encouraged to complete the American Heritage, Biology, and Physical Science requirements in their freshman year as well. The History of Civilization sequence generally should be taken during the sophomore year.

Any student who pursues the Mathematics option for the Languages of Learning requirement must complete Math 110 before enrolling in a subsequent course in mathematics or statistics.

The Advanced Writing requirement generally should be completed during the junior year. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course that fills the Advanced Writing requirement.

**How Do You Complete the General Education Requirements?**  
General Education requirements can be met in four ways:

1. Successfully completing approved General Education courses, including Honors courses.
2. Passing special examinations at the university.
3. Transferring acceptable credit from other institutions.
4. Receiving credit from Advanced Placement (AP) examinations and the College Level Examination Program (CLEP).

These options are discussed in detail on the following pages.

# General Education Courses

You are strongly encouraged to meet the General Education requirements by enrolling in departmental or Honors courses at the university. As noted earlier, General Education is at the center of what Brigham Young University is about. As a consequence, the university devotes substantial resources and engages its best faculty in providing this educational opportunity for you.

The official list of all courses that satisfy current General Education requirements follows. In addition, a General Education column appears with the listing of courses in this Class Schedule. The codes identify all General Education courses, both required and elective. Definitions of these codes are listed at the bottom of each page.

Honors courses are recommended for students with a composite ACT score of 28 or above or a cumulative university GPA of 3.5 or above.

taken during your freshman 105H  
year.)

**Transfer Students:** If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department for details.

We **strongly** encourage you to take First-Year Writing (English 115, Honors 200, or Philosophy 105) even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.

**Precollege Mathematics** Math 99, 100, 110, 111, 112,  
(One course. This should be 112H, 113, 113H, or 119.  
taken during your freshman See course suggestions for  
year.) freshmen and for transfer  
students below. If you are  
uncertain about which  
course to register for,  
contact your college  
advisement center.

**Freshmen:** You should register for the appropriate mathematics course according to your ACT mathematics subscore, as shown below:

<b>ACT Mathematics Subscore</b>	<b>Precollege Mathematics Requirement is waived, but no credit is given for any course.</b>
22 or above	
20–21	Challenge Math 99 or enroll in Math 100
14–19	Register for Math 99, if you have not taken high school algebra. Otherwise, see next recommendation. <b>Note:</b> Math 99 is a non- credit course requiring an additional fee.

13 or below

Register for Math 98

**Note:** Math 98, a noncredit course requiring an additional fee, does not satisfy the General Education requirement, but it prepares you for a course that does—Math 100. Math 99 also satisfies the General Education requirement.

**Transfer Students:** You may satisfy the requirement by (1) submitting your ACT mathematics subscore if it is 22 or above, (2) passing any one of the BYU mathematics courses listed above, or (3) submitting equivalent mathematics transfer credit to Admissions and Records (A-153 ASB).

<b>Advanced Writing</b> (One course. This should be taken during your junior year; see your college advisement center for the course recommended for your major. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course in Advanced Writing.) ## Requirement in Mathematics or Foreign Language

To fill this requirement, students may choose either the Mathematics or the Foreign Language option. The requirement may be filled by courses within the student's major. Certain majors require students to fill all of one option and all or part of the other as well. Students intending to graduate with University Honors are required to fill *both* options.

### Mathematics Option

The Mathematics option requires one or more semesters of college-level mathematics *beyond* college algebra (Math 110) or quantificational logic (Phil 205). Approved courses are:

Math 112, 112H, 113, 113H, or 119 (Math 110 is prerequisite)  
Phil 305 (Phil 205 is prerequisite)  
Stat 221, 222, 321 (Math 110 is prerequisite)  
HonP 250

### Foreign Language Option

A student who chooses to fill the Foreign Language option builds on high school, college, or other prior study of foreign language, through which a certain level of competence in the language has been attained. Further study adds to that competence and allows the student to use the language meaningfully to access another major historical, cultural, intellectual, literary, and artistic heritage. Students fill the requirement by completing one of the approved culminating courses in the language that is chosen. A student with no previous knowledge of the language would take the culminating course after taking three semesters of instruction in the language. Students with prior knowledge of the language might be ready for the culminating course with only one or two

# General Education Courses (continued)

semesters of instruction, or with none. Conversation and grammar courses will not substitute for the culminating course. Approved courses are:

- Arab 301
- ASL 301
- Chin 202, 301
- Dutch 340
- Fren 202, 301
- Germ 202, 330
- Greek (Classical) 301, 302
- Heb (Modern) 202
- Heb (Biblical) 431
- Ital 202, 301

- Scand 441 (Norwegian)
- Scand 447 (Danish, Finnish)
- Scand 529 (Icelandic)
- Span 202, 302

The Humanities Research Center administers achievement examinations in less commonly taught languages such as those listed below. Students who independently prepare themselves to pass such an examination subsequently enroll in Anthr 420 (offered winter semester only). Working with cultural anthropology and linguistics faculty in this culminating course, students use their demonstrated language abilities to conduct an ethnographic interview project studying cross-cultural matters specific to their language. After successful completion of the achievement examination and the foreign language section of Anthr 420, students will be responsible for having the Foreign Language credit posted to their transcripts. This can be accomplished at the college advisement center. Contact the Humanities Research Center, 3060 JKHB, or the General and Honors Education Office, 302 MSRB, for further information.

Nonnative speakers of the English language may fulfill this requirement through English 230, 232, or Humanities 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue.

## Arts and Sciences Core Courses

The core courses in American Heritage, Biology, and Physical Science—required of all students—should be taken during the freshman year and the History of Civilization sequence during the sophomore year.

Students must complete one of the History of Civilization sequences listed above. If the discontinuation of a certain sequence during a student's extended absence from the university makes a change in the second course unavoidable, the student should consult with the dean of General and Honors Education (302 MSRB) for assistance in identifying an appropriate alternative.

## Arts and Sciences Elective Courses

The following restrictions to the electives apply *only* to new students entering fall 1988 and thereafter or transfer students entering fall 1991 and thereafter. To meet elective requirements on the former program, a student may not take more than one class from any single department.

1. No more than one course taken in the broad area of the student's major will meet the electives requirement. That is, majors in the College of Fine Arts and Communications and in the College of Humanities may take only one elective in Arts and Letters. Majors in the College of Biology and Agriculture, the College of Engineering and Technology, the College of Nursing, and the College of Physical and Mathematical Sciences may take only one elective in Natural Sciences. Majors in the College of Family, Home, and Social

Sciences may take only one elective in Social and Behavioral Sciences. Majors in the College of Business, the College of Education, and the College of Physical Education must distribute the four electives over all three of the categories.

Students may choose not to take any elective course in the broad area of the major but to fulfill the elective requirement by completing two approved courses in each of the two categories outside the area of the major.

A minimum of one elective in each of the categories outside the broad area of the major is required. For example, a major in the College of Family, Home, and Social Sciences must take at least one Arts and Letters elective and one Natural Science elective to fill the General Education requirements.

2. Students who elect to complete *both* the Mathematics and the Foreign Language options are excused from *one* of the four Arts and Sciences elective requirements. However, they are subject to restriction 1 above and should complete the electives requirement by selecting courses in each of the remaining categories outside the broad area of the major.

Arts and Letters Electives

In addition to the courses listed below, any Honors (HonP) course numbered 203–220 or 303–320 will fill an Arts and Letters elective.

Special Examinations

Examinations for some General Education courses and the university health requirement are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Open	Exams collected	Center vacated
Monday–Thursday	9:00 a.m.	7:30 p.m.	8:00 p.m.
Friday	9:00 a.m.	4:30 p.m.	5:00 p.m.

**Note:** You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three General Education courses, English 115, Mathematics 99, and Physical Science 100 on the dates given below. Fees are required for the examinations. A passing grade on an examination means that the student’s Advisement By Computer (ABC) Form will reflect the completion of the General Education requirement. However, no academic credit will be posted on the transcript of grades unless it is purchased.

All first-semester/term students may take the exemption examinations for English 115 and Precollege Mathematics one time only free of charge on the dates listed below. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Mathematics 99  
Spring April 29–May 6  
Summer June 22–29

Students who take the exemption examination for Mathematics 99 (which meets the Precollege Mathematics requirement) do not have the option of purchasing academic credit since the course carries no credit.

English 115  
Spring April 29–May 6  
Summer June 22–29

**Note:** Students wishing to take the exemption examination for English 115 must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, students will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of their writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption

examination for English 115 have the option of purchasing academic credit and having the grade posted on the transcript of grades. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for purchase of academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the English 115 exemption examination.

Physical Science 100  
Spring April 29–May 11  
Summer June 22–July 8

To receive an exemption from Physical Science 100, students must receive a grade of B– or better. However, students who receive grades of C– or above may purchase the academic grade and have the grade posted to their transcript. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for purchase of academic credit.)

An exemption examination is also allowed for the university requirement Health 129.

Health 129  
Spring April 29–May 6  
Summer June 22–29

You may take the examination one time only. Successful completion of it will exempt you from the health requirement, but no grade or credit will be given. The examination is offered each semester and term during the posted testing period. Students who fail the exam must complete Health 129 or 130.

Special Examinations for Graded Credit

Special examinations for graded credit are referred to as “challenge examinations” and must be arranged through the Testing Center or the department offering the examination. A \$20 fee is required for all challenge examinations. In addition to this fee, students must purchase academic credit at the rate of \$15 per credit hour (up to a maximum of \$75) in order to have the letter grade posted to the transcript of grades. The one exception to this policy is in Foreign Languages, where up to 16 credit hours may be purchased in a single semester.

Challenge examinations for three General Education courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and must do so before the official university drop deadline. For information on special examinations for English 115, students should consult the English Composition Office, 3110 JKHB.

Challenge examinations are given on the following dates:

Advanced Writing, Tests 1 and 2  
Spring April 29–May 11  
Summer June 22–July 8

**Note:** The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, a student should contact the English Composition Office, 3110 JKHB, for specific instruc-

# General Education Courses (continued)

tions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional \$40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **Students cannot challenge the Advanced Writing requirement in the semester in which they intend to graduate.**

American Heritage 100  
Spring April 29–May 11  
Summer June 22–July 8

Biology 100  
Spring April 29–May 6  
Summer June 22–29

The procedures for challenging General Education courses are as follows:

## I. For Examinations Given at the Testing Center—

### A. Whether or not you are enrolled in the course that you are challenging:

1. Go to the Testing Center on one of the scheduled examination dates.
2. Pay the required fee at the Testing Center.
3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the English 115 examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
4. Pay for the academic credit at the Cashiers' Office, D-155 ASB.
5. Present the completed form to the Records Office, B-150 ASB. The form must be submitted to the Records Office *during* the semester/term in which the examination is passed.

### B. *If enrolled in the course*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

B. *If enrolled in the course*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

## Transfer Credit and Credit from Advanced Placement and the College Level Examination Program

Application of transfer credit to General Education requirements will be determined on the basis of course-by-course equivalency by the Transfer Evaluation Office, B-238 ASB. Associate degrees from transfer institutions do not by themselves satisfy BYU's General Education requirements. Students should consult advisement personnel at transfer institutions or the BYU Admissions Office, A-153 ASB, telephone 378-2507, for further information.

Students who complete the Advanced Placement (AP) examinations offered by high schools and who achieve a composite score of 3 or higher will be granted 8 semester hours of credit in the subject. For students with AP credit posted to a transfer institution transcript, that credit will be evaluated based on BYU's standards for awarding AP credit.

BYU will grant credit for the College Level Examination Program (CLEP) as well. Specifically, 3 hours of credit will be granted for each general examination on which a student scores 610 or higher. For students with CLEP credit posted to a transfer institution transcript, that credit will be evaluated based on BYU's standards for awarding CLEP credit.

## How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning General Education is found in the General Catalogue. Sources of additional information include the following:

1. **College Advisement Centers.** The recommended source of information and advice about the General Education requirements is the college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers to provide you an up-to-date report of your academic status. In addition, Advisement by Computer (ABC) Forms are sent to you early each semester. These list the General Education courses you have completed and also the General Education requirements that remain to be completed.
2. **Dean of General and Honors Education.** The dean's office is located in 302 MSRB, telephone 378-3038, and functions in an ombudsman's role for students who have experienced difficulties with records, fees, or any other General Education matter that the college advisement centers refer to the dean.

## II. For Examinations *Not* Given at the Testing Center—

### A. Whether or not you are enrolled in the course that you are challenging:

1. Contact the department that offers the course during the first two weeks of the semester/term.
2. Complete the Special Examination Form available from the department.
3. Arrange to take the examination.
4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
5. Present the validated form to the departmental examiner.
6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
7. Pay for the academic credit at the Cashiers' Office.
8. Present the completed form to the Records Office, B-150 ASB. The form must be submitted within *one* semester after completing the examination.

# University Honors

## University Honors at Graduation

"University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

## Participation in Honors

Honors Education provides an unusually rich and challenging experience for capable and motivated students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU students must meet not only the requirements of a major department but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and does not require formal application for membership. Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge a student's ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. Students may register for Honors courses at any time during their undergraduate years without necessarily intending to complete all the Honors graduation requirements.

## The Advantages of Honors

### Faculty

The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

## Curriculum

Honors offers a curriculum core consisting of a two-semester sequence in the History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

**Honors Colloquia.** Each semester Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "An Introduction to the Intellectual Heritage of the West from Classical Antiquity to the Present," "The Great Ideas and Values of Mankind," "Shaping the Modern Mind," "Learning How to Learn," and "The Sciences and History."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately seventy students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

**Honors Seminars.** A number of Honors seminars are also offered each semester. They range across subjects as diverse as "The Appreciation of Jazz," "The Renaissance," and "Qualitative Mathematics and Its Aesthetics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. Unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

**Departmental Honors Sections.** Departments within the university offer courses taught by their strongest faculty and intended especially for Honors students. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

# University Honors (continued)

## *Honors Housing, the Honors Center, and Special Honors Activities*

Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall, a commons room for informal meetings and discussion, an advisement center, and classrooms. An Honors computer room and an Honors writing laboratory are housed nearby in the Heber J. Grant Building.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff, and sponsors a special series of concerts, dramatic productions, and exhibitions of art and photography in the Maeser Building. Honors student aides provide assistance with academic advisement. The Honors Student Council, which is open to all Honors students, sponsors social and educational events, publishes a regular newsletter, and serves as an important advisory body to the Honors deans. The council is open to all interested students. It meets Tuesdays at 4:30 p.m. in 321 MSRB.

## *Early Registration Privilege*

Honors students have an early registration privilege that allows their registration requests to be processed before those of the general student body. This privilege is extended to a student the semester after he or she completes an Honors course.

## *Graduation with University Honors*

To graduate with University Honors, a student must:

1. Complete a course in intensive writing, the Honors two-semester sequence in the History of Civilization, and three or more Honors courses, with at least two being in areas outside the student's major. (Religion courses do not count toward this requirement.)
2. Have a cumulative 3.5 GPA at graduation.
3. Achieve a proficiency in mathematics to the level of the General Education requirement.
4. Achieve a proficiency in any classical or modern language to the level of the General Education requirement.
5. Complete an independent study of the requisite number of literary and artistic masterworks. See below.
6. Complete an Honors thesis (a significant research project in the student's major). See below.
7. Apply for graduation with University Honors.
8. Complete an exit interview with Honors deans and faculty thesis advisor(s). In addition to examining the thesis and masterworks, the exit interview is a time to look at the student's portfolio and service to the community.

## *Honors Thesis*

To graduate with University Honors, a student must complete an Honors thesis. This requirement provides an

opportunity for a student to work closely with a faculty member on a project of the student's choosing in the student's major. The thesis is an independent written work that must receive both departmental and Honors approval.

## *Honors Student Portfolio*

The portfolio represents primarily a collection of the student's best academic work throughout his or her tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of the student's best writing, which may include class papers, exams, laboratory reports, etc. Depending on a student's major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the exit interview the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of the student's undergraduate experience.
2. A one-page evaluation or assessment of the student's most memorable service experience while a student at BYU (not mission). Why or how was this experience formative for the student? How does the student plan to serve the larger community once he or she has left the university?
3. A current transcript.
4. A list of three faculty members who know the student and the student's work.
5. A **representative collection** of the student's best academic work that reflects his or her educational progression throughout the undergraduate years. In this collection, some coherence with item 1 is looked for.

## *Masterworks of Art and Literature*

As part of their undergraduate studies, Honors students are expected to complete an independent study of a number of the most important works of literature and the arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans.

Many of the masterworks will likely be studied in connection with courses, but Honors also sponsors a series of noncredit "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

## *Honors and Grades*

Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

# Academic Standards

Your academic standing in the university is determined by two measures of your work. One measure is the grades that you earn and the other is the progress that you make to complete the work for which you have registered. The following outline shows the conditions and expectations for your academic standing:

Academic Status	Under These Conditions	Expectations
Satisfactory Academic Standing	When your most recent semester/ term and cumulative grade point average (GPA) are 2.0 or above.  AND  When more than 65 percent of your grades in the last 30 credit hours attempted are progress grades: D– to A range. (Nonprogress grades are W, E, UW, WE, I, and IE. W is a nonprogress grade if you withdraw after the deadline for adding classes.) Your progress is evaluated only if you have more than 10 hours of BYU credits. If you retake a class in which you received a passing grade (D– or above), the original grade is counted as a nonprogress grade.	Maintain the cumulative 2.0 GPA to graduate from BYU.  Maintain more than 65 percent progress to continue in acceptable standing.
Academic Warning	When your most recent semester/term GPA is below 2.0.  OR  As a beginning freshman you are completing your first college enrollment and you earn a GPA below 2.0.  OR  When your progress is 65 percent or less.	Contact the Academic Support Office, your department advisor, or college advisement center.
Academic Probation	a. When your cumulative BYU GPA falls below 2.0.  OR  b. When your semester/term GPA is below 2.0 for two consecutive semesters/terms.  OR  c. When you receive additional nonprogress grades during an enrollment when you are on academic warning and your progress has not risen above 65 percent.  However, if while on warning you complete the next semester/term with no nonprogress grades, you will not be placed on progress probation even if the progress work remains at or below 65 percent of the last 30 hours of BYU credit.  If you have previously been on warning or probation because of progress difficulties and your progress grades fall to 65 percent or lower, you will be placed directly on probation.	1. Contact the Academic Support Office immediately.  2. If you are receiving university or federal financial aid, check with the Financial Aid Office to see if you are still eligible. (Students on academic probation normally are not eligible for financial aid.)
Academic Suspension	When on academic probation you fail to bring your cumulative BYU GPA to 2.0 or above or fail to receive at least a 2.0 GPA for the semester/term. (Academic probation will continue if your semester/term GPA is at least a 2.5 even if your cumulative BYU GPA continues to be below 2.0.)  OR  When you receive additional nonprogress grades and fail to raise your progress above 65 percent during your current semester/term.	1. Suspended students are denied continued enrollment. Therefore, if you are suspended and desire to return to BYU you must qualify for readmission. This process may be assisted by the Academic Support Office acting as an agent for you before the Academic Standards Committee. To make a written appeal you must contact the Academic Support Office before the end of the next enrollment period following your suspension. After that time you will be referred directly to the Admissions Office.  2. Suspension will be noted on your transcript.  3. If you have preregistered and/or paid any fees for a subsequent semester/term, you must withdraw (discontinue) and arrange for a tuition refund.
Academic Dismissal	After careful review of your complete academic history by the Academic Standards Committee, officers at the university may determine that you have exhausted your opportunities to study and progress academically at BYU.	Academic dismissal is noted on your transcript and you will need to seek other options if you wish to continue your formal education. (Students who have been suspended for a second time are usually placed on academic dismissal.)

# Brigham Young University Code of Honor

*We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praise-worthy, we seek after these things.*

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere can be preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University seek to demonstrate in daily living those moral virtues encompassed in the gospel of Jesus Christ, and will—

Be honest  
Live a chaste and virtuous life  
Obey the law  
Use clean language  
Respect others  
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse

## Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*:

Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.

A clean and well-cared-for appearance should be maintained. Hair styles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

## University Policies

### Confidentiality of Records Policy

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a

lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes, but is not limited to, the following:

- Student's name
- Home and local addresses and telephone numbers
- Date and place of birth
- Major field of study
- Information relative to participation in officially recognized activities—e.g., sports—including weight and height
- Dates of attendance
- Current class schedule
- Degrees and awards received
- Previous educational institutions attended
- Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

**Student Classification**

At the beginning of each semester, students are classified for that semester as follows:

0-31.9	Freshman
32-63.9	Sophomore
64-95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

**Class Attendance Policy**

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an acci-

dent or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

**Repeating Classes**

You can repeat classes at BYU in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from the BYU department chair.
3. Repeat at other institutions classes taken at the same institution—and have the credit transferred to BYU.
4. Repeat classes taken at BYU through Independent Study or a Continuing Education center.

When you repeat a class, except for classes classified as R classes, the grade used to figure your GPA is the grade earned the last time the repeated class was taken. You must notify the Records Office, B-150 ASB, during the subsequent semester that the class has been repeated.

**The I (Incomplete) Grade**

The letter grade I (incomplete) is given on a contractual basis with the instructor for students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

**Grade Reports**

Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

**Changing College or Major**

Students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a change of

# University Policies (continued)

major form, and have it signed. Graduate students should review the policy regarding them that follows.

## Discontinuance from BYU

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Support Office, B-150 ASB. The nonacademic emergency deadline, November 26, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Support Office, B-150 ASB, telephone 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or third week of the term, you become responsible for class grades. Signatures must be obtained from individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Support Office staff.
4. Have your student activity sticker voided. You retain the voided sticker as your receipt.
5. See page 76 for discontinuance refund information.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the discontinuance deadline. Initiate official termination by contacting the Discontinuance Support Office as soon as possible.

## Graduate Students

It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and his or her specific department's requirements. These are available in the BYU Graduate Studies Catalogue, from the department, and from the Office of Graduate Studies.

Graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester in which they (a) are accepted in a graduate program or (b) plan to graduate.

## Graduate International Students

International students will also need to conform to U.S. immigration regulations. This means registering for at least 9 semester hours of credit each fall and winter semester. Anyone having fewer than 9 semester hours of credit remaining in the program will need to register for a minimum of 2 hours per semester. Questions concerning this requirement may be answered in the Office of Graduate Studies.

# Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for courses up to 6 hours per semester, within the limits indicated below, and will not be required to pay the cost of the tuition.

Written approval is required for employees to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before** registration. (Final approval for daytime class work rests with the manager of Employee Benefits.) Employees eligible to take daytime classes need to be properly admitted through the Admissions Office.

## Full-Time Regular Faculty and Administrative Personnel

(See tuition policy in the University Electronic Handbook)

### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the manager of Employee Benefits. Administrative personnel who take classes in the daytime hours will be expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties or administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may **not** be taken in the summer term, or vice versa.) Faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits and will not be required to pay the cost of the tuition.

## Full-Time Regular Staff

(See tuition policy in the University Electronic Handbook)

### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Regular staff employees may register for courses of study up to 6 hours per semester. However, these courses may **not** be taken during regular work hours. Lunch hours, no matter when scheduled, may **not** be used for class attendance.

With the required approvals, staff employees with staggered hours schedules (See work hours policy in the University Electronic Handbook) may register for daytime classes. A staggered hours work schedule, which must first be approved by the employee's supervisor, allows an employee to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an employee can have a staggered hours schedule and take day classes will depend on the seasonal and daily workload of the department. The opportunity to take a daytime class is limited to classes that are needed to complete a degree or will enhance job performance. Written approval needs to be obtained from the employee's supervisor, the dean or director over the area, and the manager of Employee Benefits.

During the spring or summer terms, regular staff may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may **not** be taken in summer term, or vice versa.)

## Spouses of Regular Faculty, Staff, and Administrative Personnel

(See tuition policy in the University Electronic Handbook)

### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for courses of study with no limit as to the number of hours (day or evening classes) and will not be required to pay the cost of the tuition. Those who wish to take daytime classes need to be properly admitted through the Admissions Office.

To be eligible for tuition benefits for their spouses, employees must (a) be at least age thirty and have completed at least one year of service, **or** (b) have completed five years of service with the university, whichever comes first. Regular employees who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

## Part-Time Employees

(See tuition policy in the University Electronic Handbook)

Part-time, on-call, and temporary employees and their spouses are required to pay tuition costs for courses for which they register.

# University Policies (continued)

## Auditing Classes

Faculty and administrative employees and their eligible spouses who desire to audit classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited in this manner will not appear on official records. Staff employees are not eligible to audit daytime classes. Those wishing to audit Evening Classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

## University Discontinuance

An employee or spouse enrolled through day school who discontinues his or her entire registration at the university is required to discontinue through the Discontinuance Support Office, B-150 ASB, telephone 378-7705. Employees enrolled through Evening Classes should discontinue through the Evening Classes Office at 120 HCEB.

## Evening Classes

Individuals who desire to register only for Evening Classes may do so at the Evening Classes Office, 120 HCEB. Employees may obtain their tuition benefit at Evening Classes at the time they register by presenting their employee or spouse ID card.

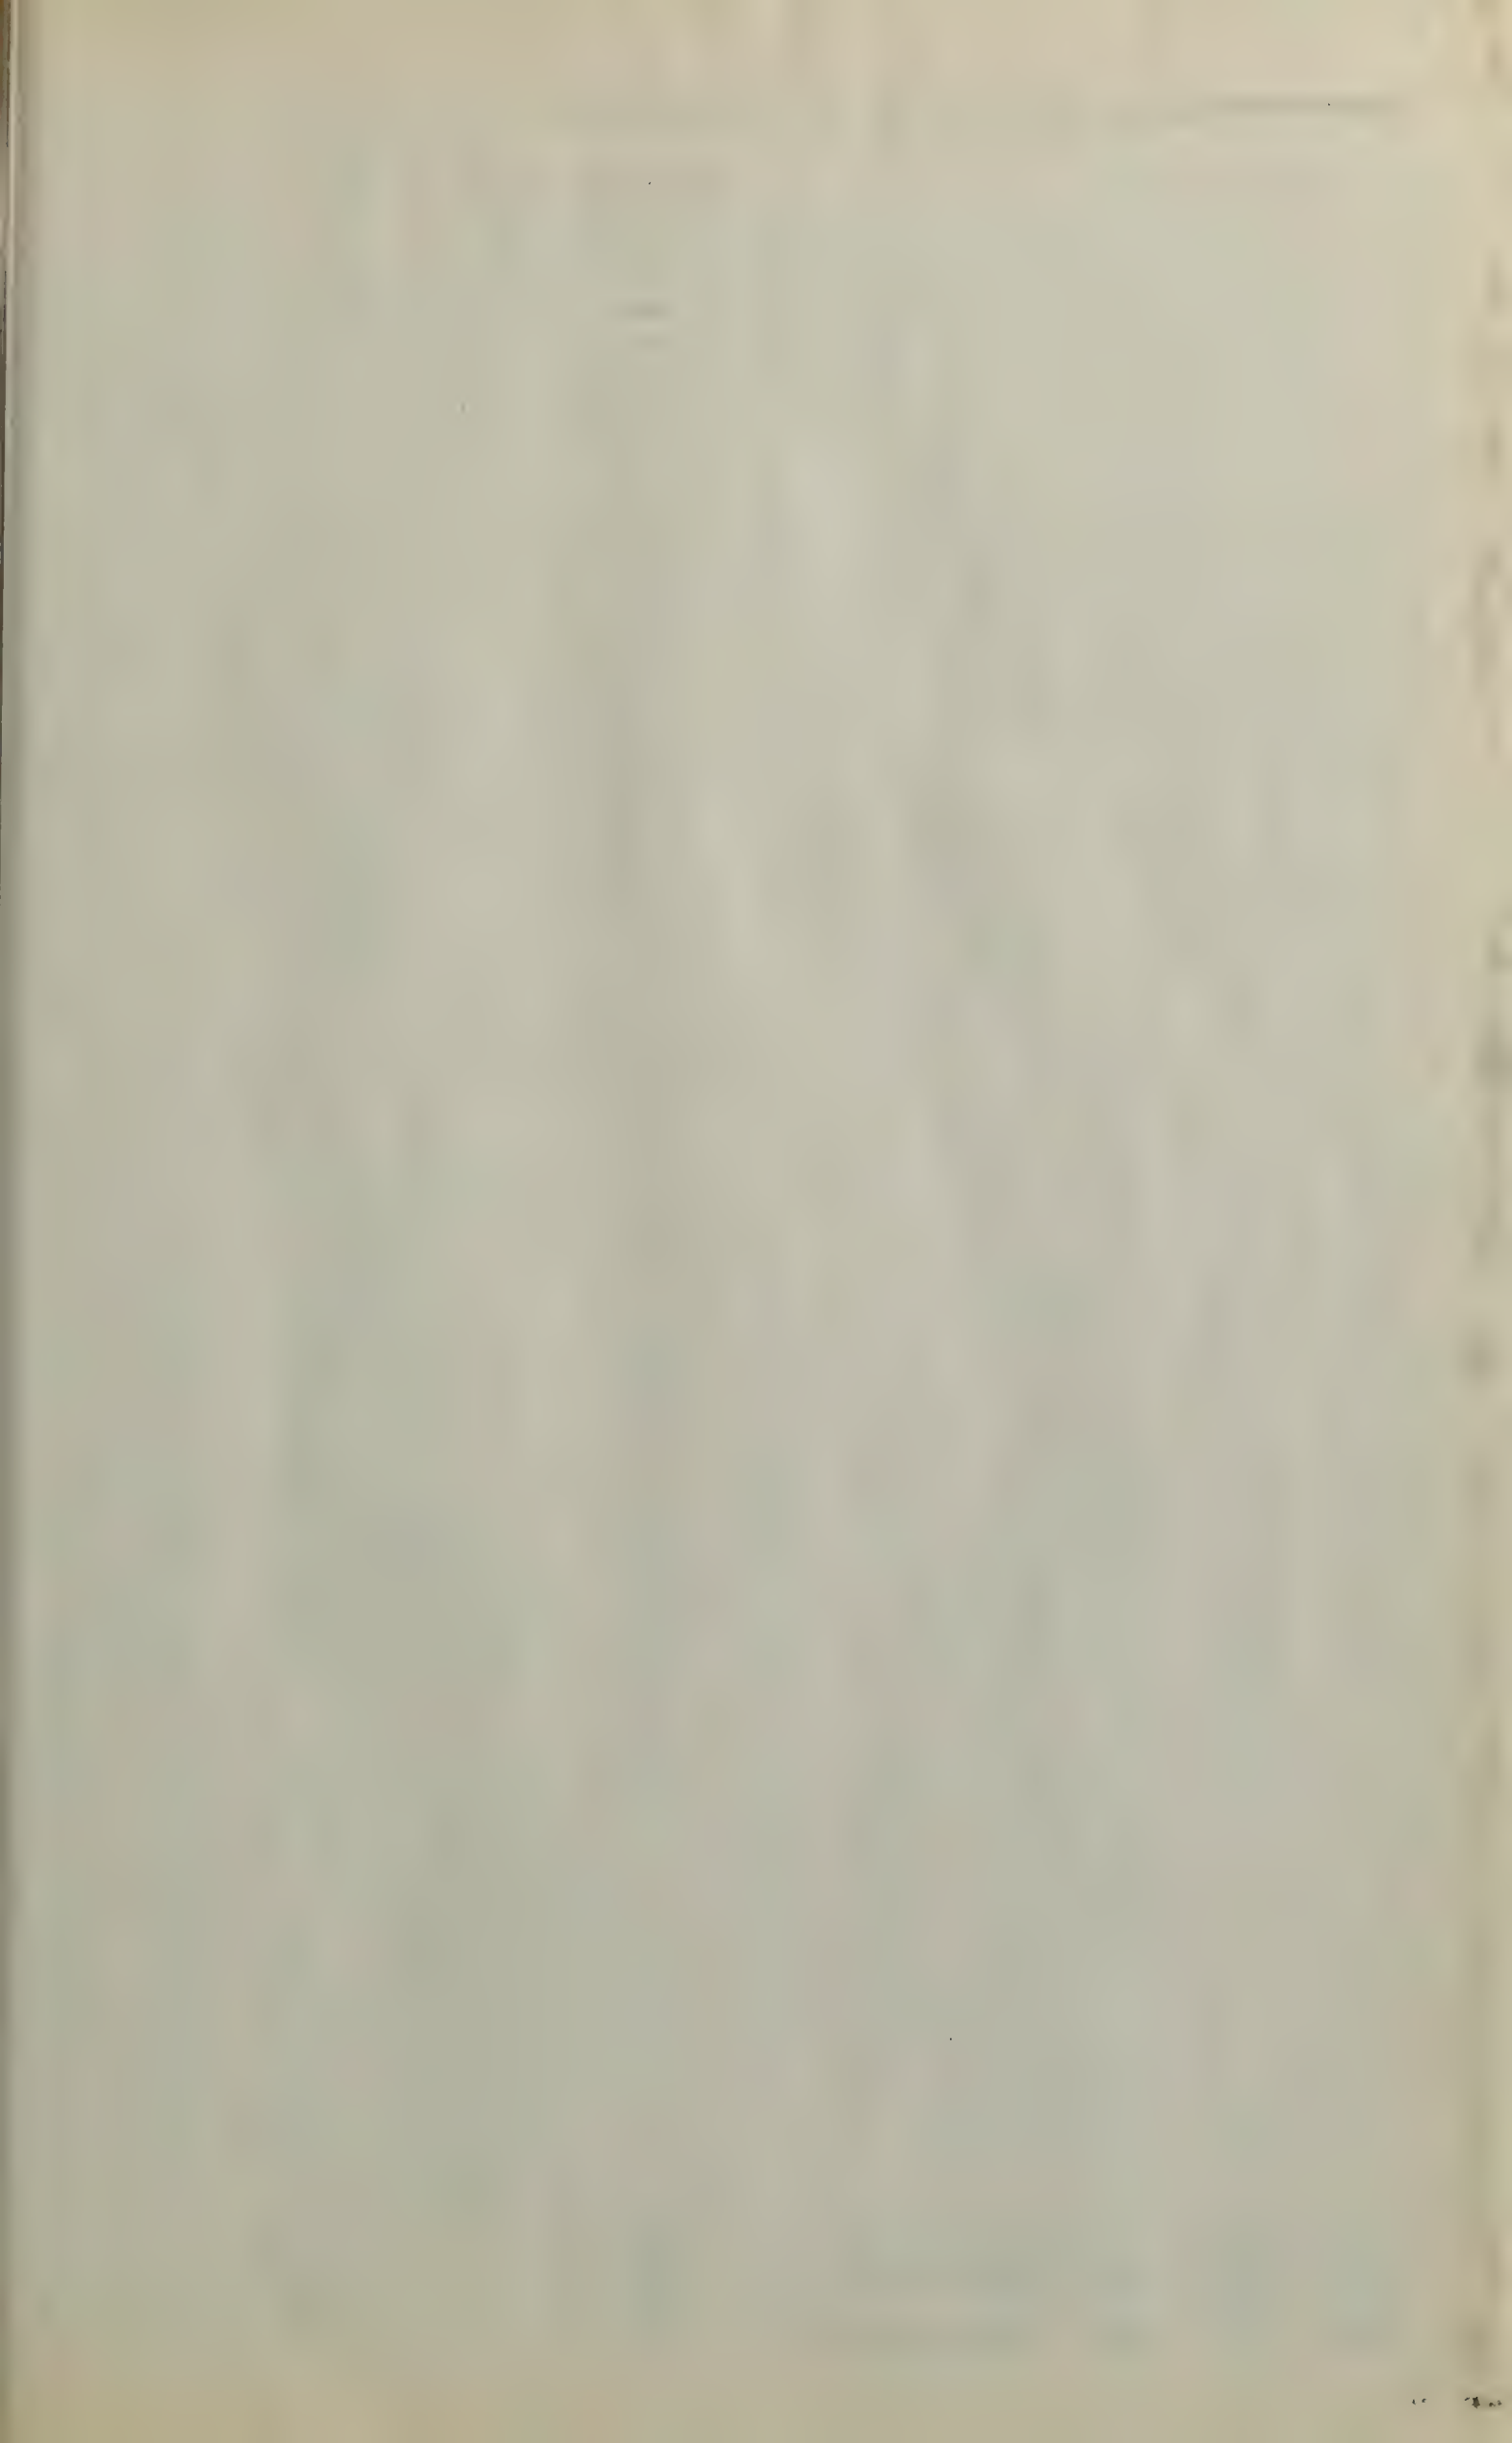

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone telephone system.

**Registration.** Faculty and staff members who wish to register for Evening Classes only should complete the Clearance Form at the Evening Classes Office, 120 HCEB. To assure a place in a class, register early. Check the current Class Schedule for semester and term deadlines.

**Changes in Registration.** When a change in registration becomes necessary, employees must obtain an add/drop card from 120 HCEB. The approval and signature of the instructors are required to add classes after school has begun. This card must then be returned to 120 HCEB.

**Evening Classes Discontinuance.** A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office, 120 HCEB. A \$10 fee is charged for the service after registration has been finalized.

The Continental Congress was a series of meetings of representatives from the thirteen American colonies, which eventually led to the formation of the United States. The first Continental Congress met in 1774 in Philadelphia, and the second met in 1775. The Declaration of Independence was adopted in 1776. The Congress then moved to Lancaster and York in 1777, and then to Lancaster and York again in 1778. # Telephone Registration Work Sheet Summer Term

Use *only* a Touch-tone telephone to make entries. Touch-tone phones make a tone sound after each button is pushed. Phones that make no tone will not work. If you do not have access to a Touch-tone telephone, you may mail this form to the Registration Office, B-130 ASB, Brigham Young University, Provo, Utah 84602.

If all lines are busy, the phone will continue to ring until a line is available.

A voice response will guide you after each entry. Press entire sequence when told to do so: code, numbers, star \* key, and pound # key.

Make a longer add list because some classes might be full.

1. **Declare Your Intent to Register**

No Intent to Register Form will be mailed to you spring or summer terms since it is not necessary to declare your intent to register. A \$50 prepayment is required for fall and winter semesters only.

List of Scheduled Classes

Notice: Once students register for classes, they are officially enrolled and committed to attend class. Students who decide not to come must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Support Office, (801) 378-7705. Before the first tuition deadline, the Touch-tone telephone registration system may be used to discontinue. Tuition charges will be incurred to the date of official discontinuance. See page 76 for the tuition rate schedule.

# Registration Instructions

## Summer Term 1992

### Are You Eligible to Register?

You are eligible to register for summer term 1992 if you registered for and completed day school classes during spring term, winter semester 1992 or have been issued a valid letter of admission for summer term 1992 by the Admissions Office. If you do not meet one of these criteria, registration will not be permitted.

No Intent to Register Form will be mailed to you spring or summer terms since it is not necessary to declare your intent to register. A \$50 prepayment is required for fall and winter semesters only.

Students may register by Touch-tone telephone beginning December 9, 1991.

## Continuing Ecclesiastical Endorsement

All students must have a new continuing ecclesiastical endorsement each year by the April 1 deadline. LDS students must receive this endorsement from the bishop of the ward where they reside during winter semester. Non-LDS students may obtain an endorsement through an ecclesiastical officer of their choice or through the Student Life Office. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester without this new endorsement.

All students are expected to abide by all requirements of the BYU Code of Honor, which includes the residential living standards and the dress and grooming standards of the university. LDS students are expected to do their duty in the Church, attend their meetings, and abide by the rules and standards of the Church.

## Health Insurance Requirement Summer Term

BYU requires all full-time students (4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first day of classes each semester or term will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan.

# Step 1: Plan Your Schedule

We suggest that you use the following form to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days.** Consult the listing of classes beginning on page 14. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

# Step 2: Complete Registration Work Sheet

The Telephone Registration Work Sheet is found on page 1 of this schedule.

This sample shows you how to take the information from the Class Schedule and list it on the work sheet. Prioritize your desired classes. The computer will not schedule you in more than one section of the same class (except R courses).

If you do not have access to a Touch-tone telephone, you may complete the work sheet inside the cover and mail it to the Registration Office, B-130 ASB, Provo, Utah 84602.

## Step 3: Register by Touch-tone Telephone

**Register:** December 9–June 15

Register using a Touch-tone telephone (Touch-tone phones make a clear tone after each button is pushed).

**Final Tuition Deadline:** June 15 (without late fee)

A Tuition Billing Statement will be sent to all registrants. If you register after May 20, a statement may not arrive before the payment deadline. In the event that a Tuition Billing Statement is not received by mail, **full tuition remains the student's responsibility and is due by the payment deadline.** If the billing statement and final tuition payment is not returned by June 15, you will be assessed a \$25 late tuition fee. The last day to late register is Monday, June 29, 1992.

**Late Registration:** June 16–17

After June 15, a **\$25 late fee and full tuition must be paid before the telephone system will be made available for late registration.** You may late register by telephone until 5:00 p.m. June 17. Beginning the first day of class, June 22, you should go to the Registration Office to late register in person.

## Step 4: Pay Tuition

### Address Correction Requested

It is important that your correct mailing address be on file at the Registration Office. Addresses may be corrected by contacting the Registration Office, B-130 ASB, Provo, Utah, 84602, telephone (801) 378-2824.

**Payment Deadline** June 15, 1992 (without late fee)

The Tuition Billing Statement and a confirmation of classes will be mailed by May 22, 1992. If you register after May 22 or have not received this notice by June 1, contact the Registration Office immediately. Full tuition must be received in the BYU Cashiers' Office by June 15. **Students who fail to meet the tuition deadline will be assessed a \$25 late fee. In the event you do not receive a Tuition Billing Statement by mail, payment still remains your responsibility and is due by the deadline.** The last day to pay tuition is Monday, June 29, 1992.

**Important notice:** You will be assessed a \$25 late tuition fee if you pay less than full-time tuition by June 15 and are then enrolled or later become enrolled for more than 4 credit hours.

### Payment Procedure

The Tuition Billing Statement and a check or money order to cover the amount of tuition due should be mailed to the BYU Cashiers' Office, D-148 ASB, Provo, Utah 84602. A drop box is provided in the administration building (D-148 ASB) for students on campus who wish to save postage. (Do not use campus mail.)

**Note:** BYU scholarship recipients must return the Tuition Billing Statement even if no tuition payment is due.

## Pell Grant Requirement

Tuition assessed on the Tuition Billing Statement is based on full-time enrollment of 8.5 credit hours or more for a semester and 4.5 credit hours or more for a term. The Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours or more for a semester and 6 credit hours or more for a term. Pell recipients who enroll for less than this receive a partial Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline.

# Help for New Students

## Organize Your Registration Materials

You will need the following items to register:

### **BYU General Catalogue or BYU Graduate Studies Catalogue**

The BYU General Catalogue includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Studies Catalogue describes graduate courses and programs. Both are available at the BYU Bookstore or may be ordered by sending \$5.00, plus \$1.50 postage and handling, for each catalogue, to BYU Mail Services, 296 UPB.

### **Telephone Registration Work Sheet**

This work sheet is found inside the front cover of this Class Schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

### **List of Required Classes**

To obtain a list of classes needed to meet university and major requirements, please refer to the BYU General Catalogue, contact your advisement center, or refer to the General Education section of this Class Schedule.

The following section, Questions New Students Must Be Able to Answer, should help new students.

## Questions New Students Must Be Able to Answer

### **What is a credit hour?**

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

### **What is General Education?**

The General Education Program at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

### **What is a major?**

A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called open-major advisement.

### **How do I request classes?**

Students request classes using a Touch-tone telephone. You should complete the Telephone Registration Work Sheet (see inside cover) and have alternate sections available so that you can submit additional requests by phone if the class is full.

### **Which classes should I select?**

A guide for selecting classes is found on page 8.

# Selecting Classes—Freshman Year

Use the schedule form on page 4 to list your courses. Do not be concerned if you are unable to register for a particular class during your first term or semester (e.g., Engl 115). You may be able to take it the next term or semester.

Some of the classes below may not be offered during spring or summer terms even though they are listed here. Please check with your advisement center if you have questions.

**1. Select one university-required class:**

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE—S 129	Fitness for Living	.5
Hlth 129	Health and Life-Style Management	1
Physical education elective	Varies	.5

**2. Select an appropriate English and math\* class based on your preparation:**

Course	Title	Credit Hours
Engl 115	Freshman English	3
Engl 115H	Honors English	3
HonP 200**	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 98	Beginning Algebra (ACT math score below 13; this is a no-credit, extra-fee class)	0
Math 99	Review Basic Math (ACT math score 13–19; this is a no-credit, extra-fee class)	0
Math 100	Intermediate Algebra (ACT math score 20–24)	2
Math 110	College Algebra (ACT math score 25 or above plus two years of high school algebra)	3
Math 112	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus)	4
Math 119	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

\*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education math option.

\*\*Consider registering for this course if you successfully completed the AP English exam.

**3. Start work in a foreign language (see page 81).**

If you want to pursue the Foreign Language Option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

**4. Select one course from the following General Education groups.** There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, or the College of Education.

# Adding and Dropping Classes (Adjusting Your Current Schedule)

## Adding and Dropping by Telephone: December 9–June 17

Students may add and drop classes before the first day of class by using a Touch-tone telephone. Students who pay their tuition by June 15, 1992, may continue to adjust their schedules through June 17, 1992, 5:00 p.m..

## Adding and Dropping Classes: June 24–July 1

**After school has started, no drops will be processed by the telephone system.** To add during the first three days of classes, refer to the method code (T or S) listed with each section in the schedule. The T means the class is added by telephone. The S means the class is added by teacher or department signature. For further instructions to add classes after advance registration, refer to the Class List definitions found on page 13.

The procedure for using add/drop cards follows:

1. Obtain an add/drop card from the Registration Office or a college advisement center.
2. To add a class, obtain a signature of approval from the instructor or department, as indicated in this Class Schedule. Some classes are added by telephone only during the first three days of classes (see Class List, page 13).
3. To drop a class, complete the card, indicating the class to be dropped (no signature required).
4. After the second day of school, pay a fee for each class dropped. The amount of the fee increases each day. The charges per day are printed on the add/drop card.
5. Take the add/drop card to the Smith Family Living Center step-down lounge during the first six days of school. Afterwards, add/drop cards should be taken to the Registration Office, B-130 ASB. Turn the card in before the appropriate deadline listed below.

During fall or winter semester, students may add classes during the first ten class days and drop classes during the first twenty-five class days. During spring or summer term, classes may be added during the first six class days and dropped during the first thirteen class days.

## Discontinuance (Dropping All Classes for the Semester/Term)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school for this semester/term, you must drop *all* your classes. Prior to the tuition deadline, classes may be dropped through the Touch-tone telephone registration system. After the tuition deadline, you should contact the Discontinuance Office in B-150 ASB or telephone 378-7705. If you do not drop your classes, they will remain on your record and **you will be charged tuition**. Tuition will be billed starting the first day of class to the date of discontinuance at the percentage rate listed on page 76.

### Summer Registration Deadlines

M	Jun 22	Classes begin. You may add, drop, or late register for classes.
W	Jun 24	First day fees are charged for dropping classes. (The amount of the fee increases each day. The charges per day are printed on the add/drop card.)
M	Jun 29	Last day to add classes, late register, or change classes to audit.
M	Jun 29	Last day to drop classes without W, official withdrawal, appearing on the transcript.
Th	Jul 9	Last day to drop classes for academic reasons.
Th	Jul 9	Last day to officially withdraw from the university without being graded.
T	Jul 28	Last day to officially withdraw from the university or drop classes for nonacademic emergencies.

# Additional Registration Information

## Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing of classes, registering for a class without receiving credit, or registering for Evening Classes constitute a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

## Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last three days of the add period, June 25, 26, 29. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

## Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit the fifth through the tenth day of the semester or the fourth through the sixth day of the term.

## Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day the class is held. Other rolls, sent out during the third week, include the names of all students currently registered for that class.

## Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 hours or less during a term are considered part-time. Students enrolled in 4 or less credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours.

## Evening Classes

Daytime students are automatically allowed to register for Evening Classes (sections 400–499) through the Touch-tone telephone system.

For more information, please contact Evening Classes, 120 HCEB, Provo, Utah 84602, telephone 378-2872.

## Independent Study Programs

Independent Study is the university's "portable" program. You may register for courses anytime during the year and take up to a year to finish each course. Tuition is \$60 per semester hour and is not included in your regular BYU daytime tuition. For further information and a free catalogue of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868.

# Final Examination Schedule for Summer Term Classes\*

Final examinations will be given at the times shown in the following schedule. Examinations are not given early. The examination period is preceded by a reading day, which gives time for conscientious review and study and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

In cases where a student has conflicting examinations or more than three examinations in one day, individual arrangements for an alternative test time may be made by the instructor. Examinations will be held August 12 and 13, with a reading day Tuesday, August 11; therefore, Monday, August 10, 1992, will be the last day of instruction.

**\*Finals for Evening Classes will be conducted the last class period Tuesday, August 4; Wednesday, August 5; Thursday, August 6; Friday, August 7; and Monday, August 10.**

# Registration Work Sheet

We suggest that you use the following form to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days.** Consult the Class List beginning on page 49. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes).

# Academic Advisement for Undergraduates

## Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call (area code 801) the advisement center of your choice:

# Registration Instructions

## Are You Eligible to Register?

You are eligible to register for fall semester 1992 if you registered for and completed regular day school classes during winter semester or spring or summer term 1992, or if you have been issued a valid letter of admission for fall semester 1992 by the Admissions Office. Continuing graduate degree-seeking students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year. If you do not meet one of these criteria, registration will not be permitted.

## Continuing Ecclesiastical Endorsement

All winter semester students and all continuing graduate students planning to register for any BYU credit after summer term 1992 are required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1992. LDS students must receive this endorsement from the bishop of the ward where they reside during winter semester. Non-LDS students may obtain an endorsement through an ecclesiastical officer of their choice or through the Student Life Office. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester or thereafter without a new endorsement.

All students are expected to abide by all requirements of the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards of the university. LDS students are expected to do their duty in the Church, attend their meetings, and abide by the rules and standards of the Church.

## Health Insurance Requirement Fall Semester

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first day of classes each semester or term will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan.

---

## Step 1: Declare Your Intent to Register

**Receive from the Registration Office an Intent to Register Form.** Currently enrolled students will be mailed an Intent to Register Form in March. This form will be mailed to newly admitted students in April. If you have not received this form by May 15, contact the Registration Office.

**Complete the Intent to Register Form by updating your current mailing address.**

**Declare your intent to register by returning the form with a \$50 tuition prepayment to the BYU Cashiers' Office, D-148 ASB, Provo, Utah 84602. On receipt of the nonrefundable, nontransferable tuition prepayment, the Touch-tone telephone registration system will be opened for your use. No \$50 prepayment is required of scholarship and Pell recipients; however, scholarship recipients *must* return the Intent to Register Form (see Tuition Payment Calendar on page 6).**

### Address Correction Required

Because it is important that your correct mailing address be on file at the Registration Office, you are expected to submit a mailing address along with your \$50 prepayment. Addresses may be corrected by contacting the Registration Office, B-130 ASB, Provo, Utah, 84602, telephone 378-2824.

## Step 2: Plan Your Schedule

Use the work sheet on page 1 to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days.** Consult the Class List beginning on page 49. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

## Step 3: Register by Touch-tone Telephone

### Register April 1–August 15

Register by telephone after you declare your intent by returning the Intent to Register Form with a \$50 tuition prepayment (nonrefundable and nontransferable). As you request classes by telephone, the computer voice will tell you if you receive a class; or if a class is full, it will inform you if another section is available.

### Tuition Deadline (without late fee) August 15

A Tuition Billing Statement will be sent to all registrants. In the event that a Tuition Billing Statement is not received by mail, **full tuition remains the student's responsibility and is due by the payment deadline.** If the billing statement and final tuition payment are not returned by August 15, you will be assessed a \$50 late tuition fee.

### Late Registration August 16–September 14

After August 15, **a \$50 late fee and full tuition must be paid before the telephone system will be made available for late registration.** You may late register by telephone until 5:00 p.m. August 26. Beginning the first day of classes, August 31, use the phone or a signed add/drop card to late register. A \$90 late tuition fee will be charged beginning August 31.

# Step 4: Pay Tuition

## \$50 Prepayment Required Before Registration April 1–July 31

A minimum of \$50 is required as a tuition prepayment. The prepayment is applied toward total tuition, and the \$50 is nonrefundable. Registration by telephone is allowed after you declare your intent to register by returning the Intent to Register Form. Follow the instructions on the Intent to Register Form carefully. Those who do not prepay \$50 before August 1, 1992, must pay full tuition to access telephone registration.

## Payment Deadline August 15, 1992 (without late fee)

The Tuition Billing Statement and a confirmation of classes will be mailed by August 3, 1992. If you register after July 31 and/or have not received this notice by August 10, contact the Registration Office immediately. \*Full tuition must be received in the BYU Cashiers' Office by 4:00 p.m. August 15.

**Important notice:** If you fail to meet the tuition deadline, you will be assessed a late fee (\$50 August 16–August 28; \$90 August 31–September 14). You will be assessed a late tuition fee if you pay less than full-time tuition by August 15 and are then enrolled or later become enrolled for more than 8 credit hours. If you are registered for classes but have not paid tuition before the first day of school, you will incur the \$90 late payment fee. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

**\*In the event you do not receive a tuition billing statement by mail, payment remains your responsibility and is due by the deadline.**

## Payment Procedure

The Tuition Billing Statement and a check or money order to cover the amount of tuition due should be mailed to the BYU Cashiers' Office, D-148 ASB, Provo, Utah 84602. A drop box is provided in the Abraham O. Smoot Administration Building (D-148 ASB) for students on campus who wish to save postage. (Do not use campus mail.)

**Note:** All scholarship and grant recipients must return the Tuition Billing Statement *even if no tuition payment is due*.

## Tuition Payment Calendar

Dates	Activities
April 1–July 31	Your \$50 nonrefundable payment with Intent to Register Form opens the telephone registration system through August 15. (Scholarship or grant students with zero amount due need only submit the Intent to Register Form to access the telephone registration system.)
August 1–August 15	Full tuition payment will open the telephone registration system through August 26 at 5:00 p.m.
August 15	Full tuition payment received in the BYU Cashiers' Office by this date avoids late fees and keeps the telephone registration system open through August 26 at 5:00 p.m.
August 16–August 28	Tuition payment with a \$50 late fee will open the telephone registration system through August 26 at 5:00 p.m. Full tuition with the late fee will be accepted through August 28.
August 26	Advance telephone registration ends at 5:00 p.m. The telephone registration system will be closed for fall registration August 26–August 30.
August 31–September 14	Tuition payment with a \$90 late fee will allow late registration through September 14, which is the last day for registering late, adding classes, and paying tuition. Students who do not pay tuition by September 14 may be requested to discontinue. Tuition charges will be incurred to the date of discontinuance.

## Pell Grant Requirement

Tuition assessed on the Tuition Billing Statement is based on full-time enrollment of 8.5 credit hours or more for a semester and 4.5 credit hours or more for a term. The Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours or more for a semester and 6 credit hours or more for a term. Pell recipients who enroll for less than this receive a partial Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline to avoid the late tuition fee.

# Help for New Students

## Organize Your Registration Materials

You will need the following items to register:

### **BYU General Catalogue or BYU Graduate Studies Catalogue**

The BYU General Catalogue includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Studies Catalogue describes graduate courses and programs. Both are available at the BYU Bookstore or may be ordered by sending \$5.00, plus \$1.50 postage and handling, for each catalogue, to BYU Mail Services, 296 UPB.

### **Registration Work Sheet**

This work sheet is found on page 1 of this Class Schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

### **List of Required Classes**

To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU General Catalogue, contact their advisement center, or refer to the General Education for Undergraduates section of this Class Schedule. Graduate students can refer to the BYU Graduate Studies Catalogue, their academic department, or their advisor.

The following section, Questions New Undergraduate Students Must Be Able to Answer, should help new undergraduate students.

## Questions New Undergraduate Students Must Be Able to Answer

### **What is a credit hour?**

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

### **What is General Education for undergraduates?**

The general education program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

### **What is a major?**

A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

### **How do I request classes?**

Students request classes using a Touch-tone telephone. You should complete the Touch-tone Telephone Instructions (see inside cover) and have alternate sections available so that you can submit additional requests by phone if the class is full.

### **Which classes should I select?**

A guide for selecting classes is found on page 8.

# Selecting Classes—Freshman Year

Use the schedule work sheet on page 1 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl. 115). You may be able to take it the next semester.

1. Select one or two university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE—S 129	Fitness for Living	0.5
Hlth 129	Health and Lifestyle Management	1
Physical education elective	Varies	0.5

2. Select an appropriate English and math\* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
Engl 115H	Honors English	3
HonP 200**	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 98	Beginning Algebra (ACT math score below 13; this is a no-credit, extra-fee class)	0
Math 99	Review Basic Math (ACT math score 13–19; this is a no-credit, extra-fee class)	0
Math 100	Intermediate Algebra (ACT math score 20–24)	2
Math 110	College Algebra (ACT math score 25 or above plus two years of high school algebra)	3
Math 112	Calculus I (ACT math score 27 or above plus four years of high school mathematics including precalculus)	4
Math 119	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

\*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education math option.

\*\*Consider registering for this course if you successfully completed the AP English exam.

3. Start work in a foreign language (see page 25).

If you want to pursue the Foreign Language Option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

4. Select one or two courses from the following general education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or Phys 100 if your major is within the College of Biology and Agriculture, the College of Nursing, or the College of Education.

Arts and Sciences Core (For a complete list of required courses, see page 26.)

PLSc 110	American Government and Politics	3
PLSc 170	Introduction to International Politics	3
Psych 111	General Psychology	3
Soc 112	Current Social Problems	3

**5. Select an interest course.**

Select an area that you are interested in learning about. Use the BYU General Catalogue and the Class Schedule to identify and select an appropriate course. If you have chosen a major, select a course from those listed by major in section 6.

**6. Select a major/emphasis course.**

Students who have not selected a major should select an additional GE course.

# Adding and Dropping Classes (Adjusting your current schedule)

## Adding and Dropping by Telephone: April 1–August 26

Students may add and drop classes before the first day of class by using a Touch-tone telephone. Students who declare their intent to register and pay their tuition by August 15, 1992, may continue to adjust their schedules through Wednesday, August 26, 1992, at 5:00 p.m. **The telephone registration system will be closed for fall registration August 27–August 30.**

## Adding and Dropping Classes: August 31–September 14

**After school has started, no drops will be processed by the telephone system except section changes, and each academic department determines individually how classes are added. If you wish to audit see page 13.**

The procedure for using add/drop cards follows (not to be used to discontinue):

1. Obtain an add/drop card from the Registration Office or a college advisement center.
2. To add a class, obtain a signature of approval from the instructor or department, as indicated in this Class Schedule. Some classes are added only by telephone during the first five days of class.
3. To drop a class, complete the card, indicating the class to be dropped (no signature required).
4. After the second day of school, pay a fee for each class dropped. The amount of the fee per class increases each day. The charges per day per class are printed on the add/drop card.
5. Take the add/drop card to the Smith Family Living Center step-down lounge during the first two weeks of school. Beginning the third week of classes, add/drop cards should be taken to the Registration Office, B-130 ASB. Turn the card in before the appropriate deadline listed below.

During fall or winter semester, students may add classes during the first ten class days and drop classes during the first twenty-five class days. During spring or summer term, classes may be added during the first six class days and dropped during the first thirteen class days.

## Discontinuance (Dropping *all* classes for the semester)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school for this semester, you must drop *all* your classes. Prior to the tuition deadline, classes may be dropped through the Touch-tone telephone registration system. After the tuition deadline, you should contact the Discontinuance Office in B-150 ASB or telephone 378-7705. If you do not drop your classes, they will remain on your record and **you will be charged tuition**. Tuition will be billed starting the first day of class to the date of discontinuance at the percentage rate listed on page 15.

### Registration Deadlines

M	Aug 31	Classes begin. You may add, drop, or late register for classes.
W	Sep 2	First day fees are charged for dropping a class or adjusting your current class schedule. (The increasing charges per day are printed on the add/drop card.)
M	Sep 14	Last day to add classes, late register, or change classes to audit.
M	Sep 14	Last day to drop classes without W, official withdrawal, appearing on the transcript.
Th	Sep 17	Last day to drop first block classes for academic reasons.
M	Oct 5	Last day to drop classes for academic reasons.
M	Oct 5	Last day to officially discontinue from the university or drop first block classes for nonacademic emergencies.
W	Oct 21	Second block classes begin.
F	Oct 23	First day drop fees are charged for second block classes. (The increasing charges per day are printed on the add/drop card.)
W	Oct 28	Last day to add second block classes.
W	Oct 28	Last day to drop a second block class without W, official withdrawal, appearing on the transcript.
F	Nov 6	Last day to drop a second block class for academic reasons.
T	Nov 24	Last day to officially discontinue from the university or drop a class for nonacademic emergencies.

# Additional Registration Information

## Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing of classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

## Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the first ten class days. Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official record, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

## Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period.

## Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the third and eighth weeks, include the names of all students currently registered for that class.

## Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 hours or less during a term are considered part-time. Students enrolled in 4 or less credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to page 39.

## Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

For more information, please contact Evening Classes, 120 HCEB, Provo, Utah 84602, telephone 378-2872.

## Independent Study Programs

Independent Study is the university's "portable" program. You may register for courses anytime during the year and take up to a year to finish each course. Tuition is \$66 per semester hour and is not included in your regular BYU daytime tuition. Independent Study courses are listed within each department, beginning on page 49. For further information and a free catalogue of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868.

**Note:** Independent Study courses *cannot* apply toward a graduate degree.

# Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Please see page 6 for tuition payment deadlines.

**Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).**

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Office, B-150 ASB, telephone 378-7705. (Before the first tuition deadline, the Touch-tone telephone registration system may be used to discontinue.) Tuition will be charged to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

**The charge for noncredit courses or for auditing courses is the same as for credit courses.** Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Pell and Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

**Advanced-standing students** are those students who have received their bachelor's degree (or will have received it by the beginning of the semester for which they are registering) and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester and 4.5 or more credit hours per term.

**The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.**

Tuition and General Fees Per Semester			A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.	
Undergraduate Students	LDS	Non-LDS	\$50 Tuition Prepayment (nonrefundable/nontransferable)	
Full-time (8.5 or more credit hours) . . . . .	\$ 1,060	\$ 1,590	A prepayment is required of all students to access the telephone registration system before August 1. (See page 5 for registration and payment instructions.)	
Part-time (per credit hour) . .	\$ 108	\$ 162	<b>Late Tuition Fee—Tuition Paid After August 15</b>	
Advanced-Standing Students			August 16–August 30 . . . . .	\$50
Full-time (8.5 or more credit hours) . . . . .	\$ 1,240	\$ 1,860	August 31–September 14 . . . . .	\$90
Part-time (per credit hour) . .	\$ 137	\$ 206		
Graduate School of Management Students and Law School Students				
Full-time (8.5 or more credit hours) . . . . .	\$ 2,010	\$ 3,015		
Part-time (per credit hour) . .	\$ 223	\$ 334		

Late tuition fees will be assessed all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the August 15 deadline and are then or later become registered for more than 8 credit hours.

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

**Tuition Adjustments—Change in Credit Hours**

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151, ASB. **The activity card must be surrendered at that time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last scheduled day for adding classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

**Tuition Refunds/Charges—Discontinuance**

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone 378-7705. The following rates apply:

**Full-time Students**

	<i>Tuition Charged</i>	<i>Refund of Tuition Paid</i>
Before Aug 29 .....	\$50 .....	100% less \$50
Aug 31–Sep 4 .....	10% .....	90%
Sep 7–Sep 11 .....	20% .....	80%
Sep 14–Sep 18 .....	40% .....	60%
Sep 21–Sep 25 .....	60% .....	40%
Sep 28–Oct 2 .....	80% .....	20%
After Oct 2 .....	100% .....	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of their personal medical incapacitation after the 80 percent refund period. Petition forms are in D-208 ASB.

**Part-Time Students**

Inasmuch as all tuition assessments have a minimum nonrefundable amount of \$50, part-time tuition refunds will be the above percentage of tuition except there will be a minimum \$50 nonrefundable.

**A refund due because of discontinuance** from school will be made only by check through the mail. It will be mailed approximately two weeks from the date on which **discontinuance** is filed and the activity card voided by the Discontinuance Office. Refunds due to students who have a Pell Grant or Stafford Loan will be returned to Pell and/or the lending agency.

Refunds will not be granted to students who are requested to discontinue from the university for violation of standards.

Late fees are not refundable.

**Refunds for Class Fees**

Class fee refunds are based on the same schedule as listed for tuition refunds.

## Health Insurance Requirement

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group

medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU before the first

day of classes each semester or term will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student Health Plan. Insurance payment is due by the first day of classes.

#### **Debt Collection Fees**

Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. The student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript and before being considered for readmission.

## **University Assemblies**

### **University Forums and Devotionals**

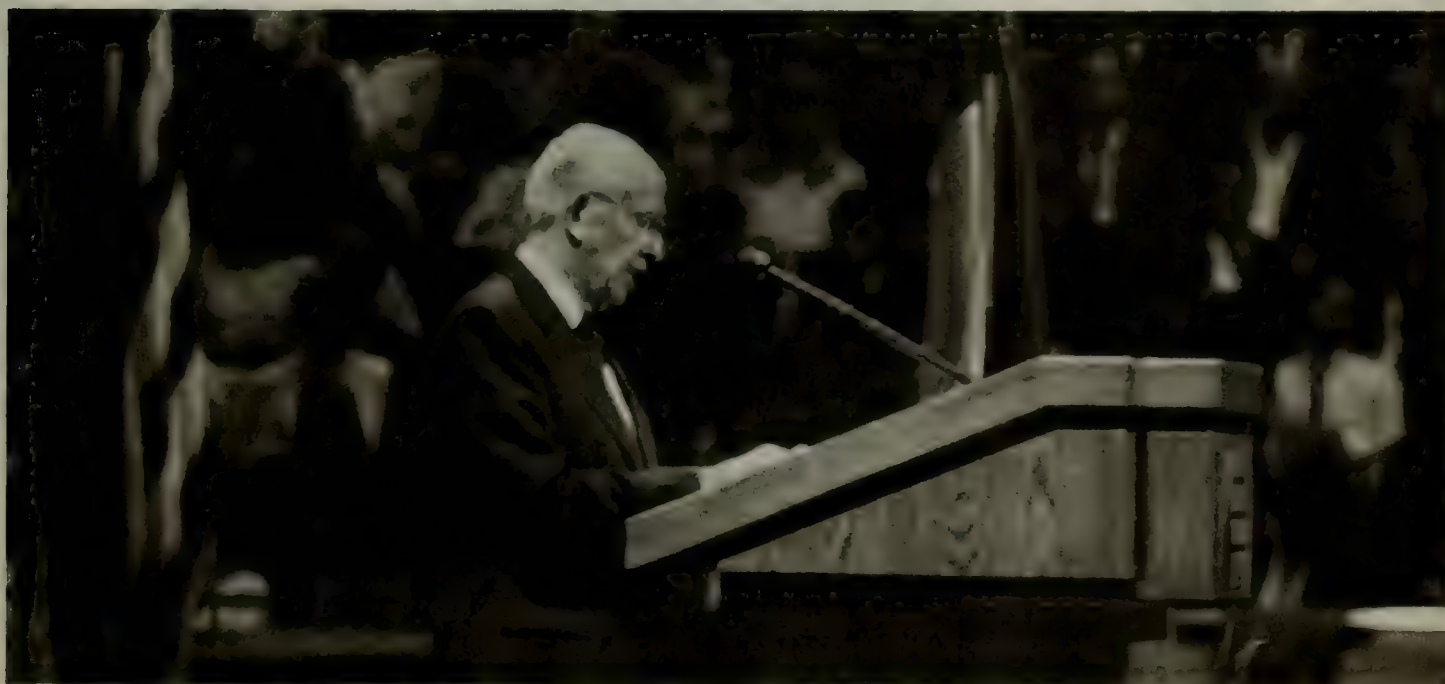

University-wide devotionals and forums are held on selected Tuesdays at 11:00 a.m. through the year. An integral part of the religious and general education experience at Brigham Young University, these assemblies are occasions to celebrate the university's sense of shared values and community. Participation will renew spiritual commitment and faith and extend your understanding of the intellectual and cultural achievements of humanity.

Devotional speakers are selected from the General Authorities and other leaders of the Church. They come prepared to remind you of the importance of the spiritual dimension of your educational experience and to teach the gospel. An additional spiritual opportunity is provided by monthly eighteen-stake firesides. These firesides, which also feature General Authorities as speakers, are usually

scheduled the first Sunday of each month at 7:30 p.m. in the Marriott Center.

Speakers for University Forums are selected carefully from the arts, the sciences, the humanities, the media, and government. They are chosen for their professional accomplishment, their ability to communicate effectively, and the importance of their contributions to society. Participation in these assemblies (and in the question-and-answer sessions and other lectures that often accompany them) will extend your understanding of intellectual and cultural achievements and will focus your thinking on significant and engaging issues. The forums aim at being truly integrative and stimulating.

To foster participation in university devotionals and forums, most campus offices and services are closed during the assemblies.

# University Calendar

The annual calendar at BYU includes two semesters and two terms. Fall semester 1992 begins the week prior to Labor Day and ends before the Christmas holidays. Winter semester is from early January to late April. Spring and summer terms begin in late April and late June, respectively. Registering for spring and summer terms allows students to accelerate their progress in many degree programs.

# General Education for Undergraduates

## Why General Education?

General Education is central to the university's purposes, its definition, and its academic commitments. In an age of increasing specialization of knowledge, technological complexity, and unremitting change, General Education affords appreciation and understanding of humankind's most valuable achievements in the arts, letters, and sciences. It offers vantage points from which to sharpen our awareness of the development of our own culture and its relatedness to others. It informs us more richly of how we have come to think and believe and behave as we do.

General Education teaches us the importance of critical thinking, moral judgment, aesthetic sensibility, and historical context. These refinements, together with the cultivation of the languages of learning—mathematics, English, and foreign languages—enable us for a lifetime of learning, problem solving, and responsible, others-focused action. We gain in appreciation for the good, the true, and the beautiful and in the capacity to share these with others.

At BYU, General Education both underpins and complements major education. The curriculum of General Education is designed to inform students of how we have come to the present state of knowledge and to enhance our awareness of the methodological and cognitive constraints on the pursuit of truth. In addition, given BYU's concern that the development of individuals be eternal, General Education means continued inquiry into the gospel of Jesus Christ and its implications for knowledge, society, and truth.

## What Are the General Education Requirements?

First of all, the General Education requirements are not the same as those called University Requirements. The following eleven courses in religion, physical education, and health compose the University Requirements:

### University Requirements for the Bachelor's Degree

Religion	Number of Courses
RelA 121–122 or 421–422	2
RelA 211 or 212	1
RelA 324 or 325	1
Electives	3

In general, only 2 credit hours of religion should be taken each semester or term; if you register for more than 2 credit hours in a single semester, **no more than 4 credit hours taken in any single semester will be counted toward graduation requirements.**

### Physical Education

PE—S 129	1
Electives (100 level)	2

### Health

Hlth 129 or 130	1
-----------------	---

Computer skills (especially word processing) are also important academic skills. To develop these abilities, you may (a) work on your own, (b) take computer workshops in 112 HRCB, or (c) take a noncredit course like Ling 98.

## General Education Requirements for the Bachelor's Degree

Note that certain modifications are required of degree-seeking students in fine arts, engineering, music, and nursing. See college advisement centers for specific information.

Arts and Sciences Electives	Number of Courses
Selected from approved General Education courses in Arts and Letters, Natural Sciences, and Social and Behavioral Sciences.	4

## General Education Requirements for Students Enrolled Before Fall 1988

Students who first entered BYU as new freshmen before winter semester 1976, or as new transfer students **before** winter semester 1977, entered under a General Education program that was discontinued as of fall semester 1988. These students must complete the requirements listed above.

Students who first entered BYU as new freshmen winter semester 1976 and thereafter through summer term 1988, or as new transfer students beginning winter semester 1977 through summer term 1991, will be required to fulfill either the requirements previously listed or those listed below. Those who elect the requirements listed above should notify their college advisement centers. Students completing the requirements listed below must do so **before** fall semester 1995.

### How Should You Choose General Education Classes?

An undergraduate degree signifies that the recipient has completed at least two types of study: concentrated work in a single discipline (the major) and a more general education in the subject matters and methods of the commonly accepted categories of knowledge. The second, broader study is intended to complement the study in the major.

It is wise to meet the GE requirements by selecting courses that your major will not lead you to confront. Choose your GE courses as if each were your only opportunity to learn about subjects that you might want to know more about once you have left the university. Your GE courses should give you the necessary background to learn more about a subject on your own.

### Is There an Honors Version of General Education?

Yes. An enriched General Education curriculum designed to challenge the highly capable and motivated student is available. Honors courses are designated throughout this schedule by an H following the course number. Further information about Honors Education, including a complete list of Honors courses, is provided

in the University Honors Education section of this schedule and is also available from the dean of General and Honors Education, 302 MSRB, telephone 378-3038.

### When Should General Education Requirements Be Completed?

Students are encouraged to complete the First-Year Writing and Precollege Mathematics requirements during their first year at the university. *Any student who challenges the First-Year Writing requirement by examination (see Special Examinations, page 29) must complete the challenge within a year of residence after entering BYU. No challenge will be allowed thereafter.*

Students are encouraged to complete the American Heritage, Biological Science, and Physical Science requirements in their freshman year as well. The History of Civilization sequence generally should be taken during the sophomore year.

Any student who pursues the Mathematics option for the Languages of Learning requirement must complete Math 110 before enrolling in a subsequent course in mathematics or statistics.

The Advanced Writing requirement generally should be completed during the junior year. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course that fills the Advanced Writing requirement.

### How Do You Complete the General Education Requirements?

GE requirements can be met in four ways:

1. Successfully completing approved GE courses, including Honors courses.
2. Passing special examinations at the university.
3. Transferring acceptable credit from other institutions.
4. Receiving credit from Advanced Placement (AP) examinations and the College Level Examination Program (CLEP).

These options are discussed in detail on the following pages.

# General Education Courses for Undergraduates

You are strongly encouraged to meet the GE requirements by enrolling in departmental or Honors courses at the university. As noted earlier, General Education is at the center of what Brigham Young University is about. As a consequence, the university devotes substantial resources and engages its best faculty in providing this educational opportunity for you.

The official list of all courses that satisfy current GE requirements follows. In addition, a GE code appears within the class list in this Class Schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed on page 49.

Honors courses are recommended for students with a composite ACT score of 28 or above or a cumulative university GPA of 3.5 or above.

## Languages of Learning

**First-Year Writing**  
(One course. This should be taken during your freshman year.) Engl 115, 115H, or HonP 200, or Phil 105, 105H

*Transfer Students:* If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department for details.

We strongly encourage you to take a First-Year Writing course (Engl 115, HonP 200, or Phil 105) even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.

**Precollege Mathematics**  
(One course. This should be taken during your freshman year.) Math 99, 100, 110, 111, 112, 112H, 113, 113H, or 119. See course suggestions for freshmen and for transfer students below. If you are uncertain about which course to register for, contact your college advisement center.

*Freshmen:* You should register for the appropriate mathematics course according to your ACT mathematics subscore, as shown below:

ACT Mathematics Subscore	Precollege Mathematics
22 or above	Requirement is waived, but no credit is given for any course.
20–21	Challenge Math 99 or enroll in Math 100
14–19	Register for Math 99, if you have not taken high school algebra. Otherwise, see next recommendation. <b>Note:</b> Math 99 is a non-credit course requiring an additional fee.

13 or below

Register for Math 98  
**Note:** Math 98, a non-credit course requiring an additional fee, does not satisfy the GE requirement, but it prepares you for a course that does—  
Math 100. Math 99 also satisfies the GE requirement.

*Transfer Students:* You may satisfy the requirement by (1) submitting your ACT mathematics subscore if it is 22 or above, (2) passing any one of the BYU mathematics courses listed above, or (3) submitting equivalent mathematics transfer credit to Admissions and Records (A–153 ASB).

**Advanced Writing**  
(One course. This should be taken during your junior year; see your college advisement center for the course recommended for your major. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course in Advanced Writing.) Chem 391, Engl 311, 311H, 312, 312H, 313, 315, 315H, 316, 316H, MCom 320, Phil 311, 311H, or HonP 300

## Requirement in Mathematics or Foreign Language

To fill this requirement, students may choose either the Mathematics or the Foreign Language option. The requirement may be filled by courses within the student's major. Certain majors require students to fill all of one option and all or part of the other as well. Students intending to graduate with University Honors are required to fill *both* options.

### Mathematics Option

The Mathematics option requires one or more semesters of college-level mathematics *beyond* college algebra (Math 110) or quantificational logic (Phil 205). Approved courses are:

Math 112, 112H, 113, 113H, or 119 (Math 110 is prerequisite)  
Phil 305 (Phil 205 is prerequisite)  
Stat 221, 222, 321 (Math 110 is prerequisite)  
HonP 250

### Foreign Language Option

A student who chooses to fill the Foreign Language option builds on high school, college, or other prior study of foreign language, through which a certain level of competence in the language has been attained. Further study adds to that competence and allows the student to use the language meaningfully to access another major historical, cultural, intellectual, literary, and artistic heritage. Students fill the requirement by completing one of the approved culminating courses in the language that is chosen. A student with no previous knowledge of the language would take the culminating course after taking three semesters of instruction in the language. Students with prior knowledge of the language might be ready for the culminating course with only one or two

semesters of instruction, or with none. Conversation and grammar courses will not substitute for the culminating course. Approved courses are:

The Humanities Research Center administers proficiency examinations in less commonly taught languages such as those listed below. Students who independently prepare themselves to pass such an examination subsequently enroll in Anthr 420. Working with cultural anthropology and linguistics faculty in this culminating course, students use their demonstrated language abilities to conduct an ethnographic interview project studying cross-cultural matters specific to their language. After successful completion of the proficiency examination and the foreign language section of Anthr 420, students will be responsible for having the Foreign Language credit posted to their transcripts. This can be accomplished at the college advisement center. Contact the Humanities Research Center, 3060 JKHB, or the General and Honors Education Office, 302 MSRB, for further information.

Students must complete one of the History of Civilization sequences listed above. If the discontinuation of a certain sequence during a student's extended absence from the university makes a change in the second course unavoidable, the student should consult with the dean of General and Honors Education (302 MSRB) for assistance in identifying an appropriate alternative.

## Arts and Sciences Elective Courses

The following restrictions to the electives apply *only* to new students entering fall 1988 and thereafter or transfer students entering fall 1991 and thereafter. To meet elective requirements on the former program, a student may *not* take more than one class from any single department.

1. No more than one course taken in the broad area of the student's major will meet the electives requirement. That is, majors in the College of Fine Arts and Communications and in the College of Humanities may take only one elective in Arts and Letters. Majors in the College of Biology and Agriculture, the College of Engineering and Technology, the College of Nursing, and the College of Physical and Mathematical Sciences may take only one elective in Natural Sciences. Majors in the College of Family, Home, and Social Sciences may take only one elective in Social and Behavioral Sciences. Majors in the Marriott School of Management, the College of Education, and the College of Physical Education must distribute the four electives over all three of the categories.

Students may choose not to take any elective course in the broad area of the major but to fulfill the elective requirement by completing two approved courses in each of the two categories outside the area of the major.

A minimum of one elective in each of the categories outside the broad area of the major is required. For example, a major in the College of Family, Home, and Social Sciences must take at least one Arts and Letters elective and one Natural Science elective to fill the GE requirements.

2. Students who elect to complete *both* the Mathematics and the Foreign Language options are excused from *one* of the four Arts and Sciences elective requirements. However, they are subject to restriction 1 above and should complete the electives requirement by selecting courses in each of the remaining categories outside the broad area of the major.

### Arts and Letters Electives

In addition to the courses listed below, any Honors (HonP) course numbered 203–220 or 303–320 will fill an Arts and Letters elective.

Arts and Letters credit will be given for this course *only* if Art 100 has been taken prior to or concurrently with the studio course. Students will be responsible for having the Arts and Letters credit posted to their transcripts after completing the combination of courses. This can be accomplished at the college advisement center. Art 100 is not offered summer term.

Special Examinations

Examinations for some General Education classes and the university health requirement are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	<i>Open</i>	<i>Exams collected</i>	<i>Center vacated</i>
Monday–Friday	8:00 a.m.	9:00 p.m.	9:30 p.m.
Saturday	9:00 a.m.	12:30 p.m.	1:00 p.m.

**Note: You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.**

*Exemption Examinations: No Credit or Grade*

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that the student's Advisement By Computer (ABC) Form will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is purchased.

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics one time only free of charge on the dates listed below. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Math 99)  
August 31–September 16

Students who take the exemption examination for Mathematics 99 (which meets the Precollege Mathematics requirement) do not have the option of purchasing academic credit since the course carries no credit.

**Note:** Students wishing to take the exemption examination for First-Year Writing must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, students will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of their writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of purchasing academic credit and having the grade posted on the transcript of grades. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for purchase of academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (PhyS 100)  
August 31–September 28

To receive an exemption from PhyS 100, students must receive a grade of B– or better. However, students who receive grades of C– or above may purchase the academic grade and have the grade posted to their transcript. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for purchase of academic credit.)

An exemption examination is also allowed for the university requirement Hlth 129.

Health (Hlth 129)  
August 31–September 16

Students may take the examination one time only. Successful completion of it will exempt you from the health requirement, but no grade or credit will be given. The examination is offered each semester and term during the posted testing period. If you fail the exam, you must complete Hlth 129 or 130.

*Special Examinations for Graded Credit*

Special examinations for graded credit are referred to as “challenge examinations” and must be arranged through the Testing Center or the department offering the examination. A \$20 fee is required for all challenge examinations. In addition to this fee, students must purchase academic credit at the rate of \$15 per credit hour (up to a maximum of \$75) in order to have the letter grade posted to the transcript of grades. The one exception to this policy is in Foreign Language, where up to 16 credit hours may be purchased in a single semester.

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however,

# General Education Courses for Undergraduates (continued)

if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and must do so before the official university drop deadline. For information on special examinations for First-Year Writing, students should consult the English Composition Office, 3110 JKHB.

Challenge examinations are given on the following dates:

Advanced Writing, Tests 1 and 2  
August 31–September 28

**Note:** The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, a student should contact the English Composition Office, 3110 JKHB, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional \$40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **Students cannot challenge the Advanced Writing requirement in the semester in which they intend to graduate.**

American Heritage (AHtg 100)  
August 31–September 28

Biological Science (Biol 100)  
August 31–September 16

The procedures for challenging General Education courses are as follows:

I. For Examinations Given at the Testing Center—

A. Whether or not you are enrolled in the course that you are challenging:

1. Go to the Testing Center on one of the scheduled examination dates.
2. Pay the required fee at the Testing Center.
3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
4. Pay for the academic credit at the Cashiers' Office, D-155 ASB.
5. Present the completed form to the Records Office, B-150 ASB. The form must be submitted to the Records Office *during* the semester/term in which the examination is passed.

B. *If enrolled in the course*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center—

A. Whether or not you are enrolled in the course that you are challenging:

1. Contact the department that offers the course during the first two weeks of the semester/term.
2. Complete the Special Examination Form available from the department.
3. Arrange to take the examination.

4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
5. Present the validated form to the departmental examiner.
6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
7. Pay for the academic credit at the Cashiers' Office.
8. Present the completed form to the Records Office, B-150 ASB. The form must be submitted within *one* semester after completing the examination.

B. *If enrolled in the course*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

## Transfer Credit and Credit from Advanced Placement and the College Level Examination Program

Application of transfer credit to GE requirements will be determined on the basis of course-by-course equivalency by the Transfer Evaluation Office, B-238 ASB. Associate degrees from transfer institutions do not by themselves satisfy BYU's GE requirements. Students should consult advisement personnel at transfer institutions or the BYU Admissions Office, A-153 ASB, telephone 378-2507, for further information.

Students who complete the Advanced Placement (AP) examinations offered by high schools and who achieve a composite score of 3 or higher will be granted 8 semester hours of credit in the subject. For students with AP credit posted to a transfer institution transcript, that credit will be evaluated based on BYU's standards for awarding AP credit.

BYU will grant credit for the College Level Examination Program (CLEP) as well. Specifically, 3 hours of credit will be granted for each general examination on which a student scores 610 or higher. For students with CLEP credit posted to a transfer institution transcript, that credit will be evaluated based on BYU's standards for awarding CLEP credit.

## How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning General Education is found in the BYU General Catalogue. Sources of additional information include the following:

1. **College Advisement Centers.** The recommended source of information and advice about the General Education requirements is the college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers to provide you an up-to-date report of your academic status. In addition, Advisement by Computer (ABC) Forms are sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.
2. **Dean of General and Honors Education.** The dean's office is located in 302 MSRB, telephone 378-3038, and functions in an ombudsman's role for students who have experienced difficulties with records, fees, or any other GE matter that the college advisement centers refer to the dean.

# University Honors for Undergraduates

## University Honors at Graduation

"University Honors" is a distinction awarded to all baccalaureate recipients of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

## University Honors with Honors in a Major

Certain departments have established Honors majors which build on the foundation of the Honors requirements in General Education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." Thus a student may graduate with "University Honors and Honors in Chemistry" for example. (Note, however, that it is not possible to graduate with Honors in chemistry unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the Honors Program Course Guide or contact the departmental office. Honors majors can be had in chemistry, communications, comparative literature, economics, English, French and Italian, geology, German, history, humanities, mathematics, mechanical engineering, microbiology, music, philosophy, physics, Russian, statistics, studio art, and zoology.

## Participation in Honors

Honors Education provides an unusually rich and challenging experience for capable and motivated undergraduate students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU undergraduate students must meet not only the requirements of a major department but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and does not require formal application for membership. Indicators of "capable" include a composite

ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge a student's ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. Students may register for Honors courses at any time during their undergraduate years without necessarily intending to complete all the Honors graduation requirements.

## The Advantages of Honors

### Faculty

The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

### Curriculum

Honors offers a curriculum core consisting of a two-semester sequence in the History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

**Honors Colloquia.** Each semester Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "An Introduction to the Intellectual Heritage of the West from Classical Antiquity to the Present," "The Great Ideas and Values of Mankind," "Shaping the Modern Mind," "Learning How to Learn," and "The Sciences and History."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately seventy students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

# University Honors for Undergraduates

## (continued)

**Honors Seminars.** A number of Honors seminars are also offered each semester. They range across subjects as diverse as "The Appreciation of Jazz," "The Renaissance," and "Qualitative Mathematics and Its Aesthetics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

**Departmental Honors Sections.** Departments within the university offer courses taught by their strongest faculty and intended especially for Honors students. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

### ***Honors Housing, the Honors Center, and Special Honors Activities***

Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall and a commons room for informal meetings and discussion. An Honors computer room and an Honors writing laboratory are housed nearby in the Heber J. Grant Building.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff. A special series of concerts, dramatic productions, and exhibitions of art and photography are sponsored by Honors in the Maeser Building, and assistance with academic advisement is provided by Honors student aides. The Honors Student Council sponsors social and educational events, publishes a regular newsletter, and serves as an important advisory body to the Honors deans. The council is open to all interested students. Its meetings begin at 4:30 p.m. Tuesdays in 321 MSRB.

### ***Early Registration Privilege***

Honors students have an early registration privilege that allows their registration requests to be processed one week before those of the general student body. Students eligible for the early registration privilege need to have

completed at least two Honors courses in the past four years or have current enrollment in at least *one* Honors course. Religion courses do not count toward this eligibility requirement.

### **Graduation with University Honors**

To graduate with University Honors, a student must:

1. Complete a course in intensive writing, the Honors two-semester sequence in the History of Civilization, and three or more Honors courses, with at least two from areas outside the major. (Religion courses do not count toward this requirement.)
2. Have a cumulative 3.5 GPA at graduation.
3. Achieve a proficiency in mathematics to the level of the GE requirement.
4. Achieve a proficiency in any classical or modern language to the level of the GE requirement.
5. Complete an independent study of the requisite number of literary and artistic masterworks (see following section).
6. Complete an Honors thesis (a significant research project in the major). See below.
7. Apply for graduation with University Honors.
8. Complete an exit interview with Honors deans and faculty thesis advisor(s). In addition to an examination on the thesis and masterworks, the exit interview is a time to review the student's portfolio and service to the community.

Further details of the Honors curriculum and graduation requirements appear in the Honors Course Guide, which is available each semester in 350 MSRB.

### **Masterworks of Art and Literature**

As part of their undergraduate studies, Honors students are expected to complete an independent study of a number of the most important works of literature and the other arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans.

Many of the masterworks will likely be studied in connection with courses, but Honors also sponsors a series of noncredit "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

### **Honors Thesis**

To graduate with University Honors, a student must complete an Honors thesis. This requirement provides an opportunity for a student to work closely with a faculty member on a project of the student's choosing in the student's major. The thesis is an independent written work that must receive both departmental and Honors approval.

### Honors Student Portfolio

The portfolio represents primarily a collection of the student's best academic work throughout his or her tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of the student's best writing, which may include class papers, exams, laboratory reports, etc. Depending on a student's major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of the student's undergraduate experience.
2. A one-page evaluation or assessment of the student's most memorable service experience while a student at BYU (not mission). Why or how was this experience formative for the student? How does the student plan to serve the larger community once he or she has left the university?
3. A current transcript.
4. A list of three faculty members who know the student and his or her work.

5. A *representative collection* of the student's best academic work that reflects his or her educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.

### Honors and Grades

Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

### Course Descriptions

More detailed descriptions of courses are provided in the Honors Course Guide. Copies may be obtained in 350 MSRB or requested by telephone at 378-3038.

For further information on any part of the Honors Program, please consult the Honors Program Office, 350 MSRB.

## Honors Program GE Courses for Undergraduates

### Six Classes Required for Graduation with University Honors

- 1 Honors 200 or Philosophy 105H
  - 2 Honors History of Civilization (two-semester sequence)
  - 3 Three Honors electives, two of which must be in areas outside of the student's major  
(Each elective must be a three-credit hour course.)
- 6

**PLEASE SEE COURSE DESCRIPTIONS IN THE HONORS COURSE GUIDE BEFORE REGISTERING.**  
Copies may be obtained in 350 MSRB or requested by phone at (801) 378-3038.

# Academic Standards for Undergraduates

Your academic standing in the university is determined by two measures of your work. One measure is the grades that you earn and the other is the progress that you make to complete the work for which you have registered. The following outline shows the conditions and expectations for your academic standing:

Academic Status	Under These Conditions	Expectations
Satisfactory Academic Standing	When your most recent semester/ term and cumulative grade point average (GPA) are 2.0 or above.  AND  When more than 65 percent of your grades in the last 30 credit hours attempted are progress grades: D– to A range. (Nonprogress grades are W, E, UW, WE, I, and IE. W is a nonprogress grade if you withdraw after the deadline for adding classes.) Your progress is evaluated only if you have more than 10 hours of BYU credits. If you retake a class in which you received a passing grade (D– or above), the original grade is counted as a nonprogress grade.	Maintain the cumulative 2.0 GPA to graduate from BYU.  Maintain more than 65 percent progress to continue in acceptable standing.
Academic Warning	When your most recent semester/term GPA is below 2.0.  OR  As a beginning freshman you are completing your first college enrollment and you earn a GPA below 2.0.  OR  When your progress is 65 percent or less.	Contact the Academic Support Office, your department advisor, or your college advisement center.
Academic Probation	a. When your cumulative BYU GPA falls below 2.0.  OR  b. When on academic warning and your semester/term GPA is below 2.0.  OR  c. When on academic warning you received additional nonprogress grades during an enrollment and your progress has not risen above 65 percent.  However, if while on warning you complete the next semester/term with no nonprogress grades, you will not be placed on progress probation even if the progress work remains at or below 65 percent of the last 30 hours of BYU credit.	1. Contact the Academic Support Office immediately.  2. If you are receiving university or federal financial aid, check with the Financial Aid Office to evaluate your eligibility. (Students on academic probation normally are not eligible for financial aid.)
Academic Suspension	When on academic probation you fail to bring your cumulative BYU GPA to 2.0 or above or fail to receive at least a 2.0 GPA for the semester/term. (Academic probation will continue if your semester/term GPA is at least a 2.5 even if your cumulative BYU GPA continues to be below 2.0.)  OR  When on academic probation you receive additional nonprogress grades and fail to raise progress above 65 percent during the current semester/term.	1. Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU you must qualify for readmission. To make a written appeal you must contact the Academic Support Office before the end of the next enrollment period following your suspension. After that time you will be referred directly to the Admissions Office.  2. Suspension will be noted on your transcript.  3. If you have preregistered and/or paid any fees for a subsequent semester/term, you must withdraw (discontinue) and arrange for a tuition refund.
Academic Dismissal	After careful review of your complete academic history by the Academic Standards Committee, the university may determine that you have exhausted the opportunity to study and progress academically at BYU.	Academic dismissal is noted on your transcript, and you will need to seek other options to continue any formal education. (Students who have been suspended for a second time are usually placed on academic dismissal.)

# Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires the student to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require students to integrate and understand the collective knowledge of their disciplines. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

## Admission to Graduate Study

Application to graduate study is made through the Office of Graduate Studies, B-356 ASB. Except in a small number of integrated programs, the bachelor's degree is required before a student may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. General university graduate application deadlines are earlier than undergraduate deadlines, and many departments have deadlines that are earlier still. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

## Advisement of Graduate Students

Once admitted to a department graduate program, students are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the graduate office, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the Graduate Studies Catalogue for information about university policies and procedures as well as department programs.

## Degree Requirements

University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional

programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's study list. Except in professional programs, courses of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

## Graduate Curriculum

Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

## Registration Requirements

Given the more intensive nature of graduate study, a normal semester registration is 9 or 12 credit hours. Some programs in the sciences limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours.

## Academic Standards

*Grade Point Average (GPA) Requirements.* Although a C is an acceptable grade in strong, competitive graduate programs, graduate students whose graduate program (study list) GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

*Annual Reviews of Graduate Students.* Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program

# Graduate Education (continued)

requirements (study list submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

## Enrollment Verification

For general purposes, graduate students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 hours or less during a term are considered part-time.

For purposes of loan deferment, graduate students (master's and doctoral students) can be verified as full-time when they are enrolled for at least two semester hours per semester *and* when they have been certified by their department chairs as being engaged full-time in pursuit of their degrees.

To qualify for new federal loans or BYU short-term loans, graduate students must be registered for at least 4.5 semester hours per semester or 2.5 semester hours per term.

## Campus Privileges for Graduate Students

Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

## Changing Majors

### Changing Degree Levels.

With department approval, students who want to change from one degree level to another within a department and

without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify the student.

## Changing Departments

To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

## Withdrawal (Discontinuance from BYU)

Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, 170 SWKT, telephone 378-7705.

## Termination of Graduate Status

Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
3. Receives a Marginal or Unsatisfactory rating in a periodic review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
4. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
5. Fails the departmental comprehensive examination.
6. Fails the final oral examination (defense of dissertation, thesis, or project).
7. Violates the university's standards of conduct or Honor Code.

# Brigham Young University Honor Code

*We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praise-worthy, we seek after these things.*

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere can be preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University seek to demonstrate in daily living those moral virtues encompassed in the gospel of Jesus Christ, and will

- Be honest
- Live a chaste and virtuous life
- Obey the law
- Use clean language
- Respect others
- Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse

## Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*.

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hair styles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

## University Policies

### Confidentiality of Records Policy

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a

lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

# University Policies (continued)

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes, but is not limited to, the following:

- Student's name
- Home and local addresses and telephone numbers
- Date and place of birth
- Major field of study
- Information relative to participation in officially recognized activities—e.g., sports—including weight and height
- Dates of attendance
- Current class schedule
- Degrees and awards received
- Previous educational institutions attended
- Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

## Student Classification for Undergraduates

At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

## Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the

responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

## Repeating Classes

You can repeat classes at BYU in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from the BYU department chair.
3. Repeat at other institutions classes taken at the same institution—and have the credit transferred to BYU.
4. Repeat classes taken at BYU through Independent Study or a Continuing Education center.

When you repeat a class, except for classes classified as R classes, the grade used to figure your GPA is the grade earned the last time the repeated class was taken. You must notify the Records Office, B-150 ASB, during the subsequent semester that the class has been repeated.

## The I (Incomplete) Grade

The letter grade I (incomplete) is given on a contractual basis with the instructor for students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

## Grade Reports

Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-

addressed, stamped envelopes containing their social security number at the Records Office.

### **Changing College or Major**

Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a change of major form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

### **Withdrawal (Discontinuance) from BYU**

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, November 26, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone 378-7705.

2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or third week of the term, you become responsible for class grades. Signatures must be obtained from individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. Have your student activity sticker voided. You retain the voided sticker as your receipt.
5. See page 15 for discontinuance refund information.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the discontinuance deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

# University Policies (continued)

## Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for courses up to 6 hours per semester, within the limits indicated below, and will not be required to pay the cost of tuition.

Written approval is required for employees to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before** registration. (Final approval for daytime class work rests with the manager of Employee Benefits.) Employees eligible to take daytime classes need to be properly admitted through the Admissions Office.

### Full-Time Regular Faculty and Administrative Personnel

(See Employee Tuition Policy in the University Electronic Handbook)

#### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the manager of Employee Benefits. Administrative personnel who take classes in the daytime hours will be expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties or administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may **not** be taken summer term, or vice versa.) Faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits and will not be required to pay the cost of tuition.

### Full-Time Regular Staff

(See Employee Tuition Policy in the University Electronic Handbook)

#### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

Regular staff employees may register for courses of study up to 6 hours per semester. However, these courses may **not** be taken during regular work hours. Lunch hours, no matter when scheduled, may **not** be used for class attendance.

With the required approvals, staff employees with staggered-hours schedules (See Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the employee's supervisor, allows an employee to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an employee can have a staggered-hours schedule and take day classes will depend on the seasonal and daily workload of the department. The opportunity to take a daytime class is limited to classes that are needed to complete a degree or will enhance job performance. Written approval needs to be obtained from the employee's supervisor, the dean or director over the area, and the manager of Employee Benefits.

During the spring and summer terms, regular staff employees may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may **not** be taken in summer term, or vice versa.)

### Spouses of Regular Faculty, Staff, and Administrative Personnel

(See Employee Tuition Policy in the University Electronic Handbook)

#### Eligibility

To be eligible for tuition benefits during a given semester, **persons must be regular employees at the close of late registration for that semester.** The last day of late registration is specified in each Class Schedule.

To be eligible for tuition benefits for their spouses, employees must (a) be at least age thirty and have completed at least one year of service, **or** (b) have completed five years of service with the university, whichever comes first. Regular employees who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for courses of study with no limit as to the number of hours (day or evening classes) and will not be required to pay the cost of tuition.

---

Those who wish to take daytime classes need to be properly admitted through the Admissions Office.

### **Part-Time Employees**

(See Employee Tuition Policy in the University Electronic Handbook)

Part-time, on-call, and temporary employees and their spouses are required to pay tuition costs for courses for which they register.

### **Auditing Classes**

Faculty and administrative employees and their eligible spouses who desire to audit classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited in this manner will not appear on official records. Staff employees are not eligible to audit daytime classes. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

### **University Discontinuance**

An employee or spouse enrolled through day school who discontinues his or her entire registration at the university is required to discontinue through the Discontinuance Office, B-150 ASB, telephone 378-7705. Employees enrolled through the Evening Classes Office should discontinue through the Evening Classes Office at 120 HCEB.

### **Evening Classes**

Individuals who desire to register only for evening classes may do so at the Evening Classes Office, 120 HCEB. Employees may obtain their tuition benefit there at the time they register by presenting their employee or spouse ID card.

Daytime students taking evening classes (sections 400–499) may automatically register through the Touch-tone telephone system between April 1 and August 15, 1992.

**Registration.** Faculty and staff members who wish to register for evening classes only should complete the Clearance Form at the Evening Classes Office, 120 HCEB. To assure a place in a class, register early. Check the current Class Schedule for semester and term deadlines.

**Changes in Registration.** When a change in registration becomes necessary, employees must obtain an add/drop card from 120 HCEB. The approval and signature of the instructors are required to add classes after school has begun. This card must then be returned to 120 HCEB.

**Evening Classes Discontinuance.** A student discontinuing his or her entire registration in evening classes is required to discontinue through the Evening Classes Office, 120 HCEB. A \$10 fee is charged for the service after registration has been finalized.

# Final Examination Schedule— Day Classes Fall Semester 1992

Final examinations will be given at the times shown in the following schedule. **Examinations are not given early.** The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

Second block class examinations will be given at the time shown in the schedule below. First block examinations will be given during the last regular class period. In cases where a student has conflicting examinations or **more** than three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held December 14, 15, 16, 17, and 18, with reading days December 10, 11, and 12; therefore, Wednesday, December 9, 1992, will be the last day of instruction.

**Note to faculty:** If an exam hour conflict arises, please contact the Academic Scheduling Office, B-150 ASB, telephone 378-6557.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, the final exam period is determined by the beginning hour. For example, a class held from 8:35 to 9:50 must take the 8:00 exam period.

# Final Examination Schedule— Evening Classes Fall Semester 1992

All section 400 classes beginning at 4:00 p.m. or later must follow this schedule to avoid day class conflicts. In cases where a student has conflicting examinations, individual arrangements for alternative test times may be made by the instructor.

Note to faculty: If an exam hour conflict arises, please contact the Evening Classes Office, 120 HCEB, telephone 378-2872.

◆ MATH 110 College Algebra is a required prerequisite to register for STAT 221 or 222. Trigonometry, Algebra II, Intermediate Algebra, high ACT scores and concurrent enrollment in Math 110 do not satisfy the requirement. To use high school courses in satisfying the prerequisite, a high school transcript must be given to the Transfer Evaluation Office (B-238 ASB) for evaluation.

## Class Schedule Abbreviations

The courses in the Class List section are listed under their respective departments, which appear alphabetically. Abbreviations used in the Class Schedule are as follows:

DEPT—the department of the university which offers the class. The university is divided into ten colleges, and each college is divided into various departments. See the BYU General Catalogue and Graduate Studies Catalogue for a listing of the colleges and departments at BYU.

CATG #—the catalog number. The numbers indicate the following classifications:

Preparatory and remedial courses	1–99
Lower-division courses	100–299
Upper-division courses	300–499
Courses for graduates and occasional advanced undergraduates	500–599
Graduate courses	600 or above

**Note:** Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

R designates a course that may be repeated for credit. Two R courses with the same number on a transcript are treated as two independent courses.

**If an R course is repeated for the purpose of raising the grade received, the grades will be averaged because it is assumed that the subject matter varies from time to time.**

LAB or QZ—lab or quiz section noted by L or Q.

SEC—section. When more than one class of a particular course is offered, they are distinguished by different section numbers. Enter this number on the work sheet.

REGISTRATION #. Each course has a different registration number for computer identification purposes. Enter this number on the work sheet.

CR HR—credit hours. To graduate with a bachelor's degree, you must have completed 128 credit hours of course work. To graduate with a bachelor's degree in eight semesters, you must average 16 credit hours per semester. **V means variable credit hours. Register for the desired number of hours within the approved range indicated in the schedule** (see advisement center for further information). Arr. means credits to be arranged.

BLK—block. Each semester is divided into two blocks. Block classes are offered either during the first or second block of the semester.

DAYS—class days.

ROOM—BLDG—where the class meets (building abbreviations follow).

SPECIAL INFO—classes restricted to particular students.

GE CATG—General Education Category: E = First-Year Writing

M = Precollege Mathematics, AL = Arts and Letters, NS = Natural Sciences, SS = Social Sciences, AW = Advanced Writing,

L/M = Foreign Language or Mathematics Requirement.

TBA—to be announced (see department).
